What Price Potato Bags?

Down in the United States you can get a bargain. You can buy a brand new burlap sack worth 17 cents each for one cent. The seller is the United States government. You can buy just about as many as you like for that price, hundreds, thousands, millions. And all you pay is one cent per bag.

Of course, there is a catch in it. To get the bags at one cent each, you have to take the hundred pounds of potatoes which the bag contains. The potatoes are free—with restrictions. You do not pay for them, but you can't eat them or let anyone else in the United States eat them. If you want to do that the bags cost you \$3.00 each. And you can't throw them away. If you want to do that, you pay \$1.00 per bag.

The bag, plus the hundred pounds of spuds, costs you one cent, provided you export the potatoes. But you can't ship them to Canada, Cuba or the Caribbean area.

You can ship them to Europe; but there your fun begins. It costs about 30 cents per bag to ship the potatoes to a U.S. port from Maine, where most of the potatoes are stored. Then, it costs another \$1.50 to send them across the Atlantic. To break even you must find a European buyer who is willing to pay \$1.81 per bag, but that is just about a hopeless proposition. And, even then, your bags which you bought for one cent each are on the other side of the Atlantic.

But it's Uncle Sam who takes the licking. If you buy any of these potato bags and the hundred pounds of spuds as a bonus, Uncle Sam loses a cool \$2.09 on every sack.

Silly, isn't it? And yet that is the exact situation in the United States where this one cent per sack offer has been made (if the spuds are exported) in order to get rid of the surplus potatoes which the United States growers have raised under the government's price support program. The government has paid the potato growers to raise millions of bushels of potatoes which cannot possibly be sold. And there is little likelihood of the one-cent export price getting rid of very many of them. It's of such things that government control schemes are made.

As might be expected the one-cent-per-hundred-pound-bag export deal found no takers and the U.S. planners with 90,000,000 bushels of potatoes on their hands are considering destroying 40,000,000. Thus the wheel has come full circle. The planners announced in advance that they were going to cure all this business about destroying agricultural surpluses and show private business how things should be done. They forgot one thing: the law of economics applies to bureaucrats just as relentlessly as it does to private citizens.

One of the laws, which no planner yet has been smart enough to beat, is that if the consumer normally buys a million tons of some commodity at 10 cents a pound, and the state decrees that the price henceforth will be 15 cents a pound, the consumer will no longer buy a million tons, but some considerably smaller quantity. The rest will become what is called a "surplus."

This has been proved so often in the last five years that it is incredible that the planners still think they can beat the game.

What It Costs

Statisticians in the United States have been bringing up to date some figures which show the relative economic position of the workers in various countries. These figures are condensed by the United States News and World Report in a table which shows how long workers in other countries must work to buy the food which can be bought in the United States for one hour's work, as follows:

	Hours	Minutes
Australian	0	53
United States	1	0
Canada	1	7
Norway	1	7
Denmark	1	15
Sweden	1	18
Great Britain	1	22
Finland	1	47
France	1	58
Israel	1	58
Iceland	2	13
Chile	2	47
Hungary	2	51
Germany (bizonc)	3	8
Italy	3	34
Austria	3	51
Russia	5	33

It will be seen that more food can be bought for less work in Australia than anywhere else. The figures for the United States and Canada are almost equal. But the startling figure in this table shows that a Russian must work more than five times as long as a worker in America to earn the same amount of food.

When these figures are broken down further it is seen that a Russian must work 254 minutes to buy a pound of the average beef, which the United States worker can buy with 29 minutes work. A Russian works 25 minutes for a pound of bread against 6 minutes for a United States worker. In Russia a pound of wheat flour costs 52 minutes' work as against 4 minutes in the United States.

Such discrepancies cannot be attributed entirely to Russian Communism. Pre-revolutionary Russia was far behind the western world in the arts of production. But the point which North American Communists never seem to realize is that Russia is still far behind and, by our standards, remains a gigantic poorhouse, imprisoning everyone but the small and most privileged class in the world.

SPIKE RUMOR THOMPSON WILL LEAVE KAMLOOPS

KAMLOOPS—Rumor that Paul Thompson, coach of the Kamloops Elks, might turn to piloting the Calgary Stampede for the balance of the season was squashed yesterday when Thompson returned from Vancouver.

Thompson did not fly to Calgary but remained in Vancouver on private business.

The offer from Calgary is for the 1950-51 season. This was confirmed by Lloyd Turner, Stampede manager, who said the club will not make a final decision on a new coach until the current season ends.

WHILE BRITISH COLUMBIA WAS experiencing its worst winter on record, many parts of Eastern Canada basked in a spring-like atmosphere. Last week, however, the warm changed. As the Okanagan started to feel the first touch of spring, King Winter moved eastward, piling snow in huge drifts, stalling traffic, blowing over trees, imprisoning bus and trainloads of passengers, closing schools and isolating towns.

Southern Ontario received the full treatment of the snowstorm with almost all highway traffic stopped. The above picture received by The Courier this morning, shows a motorist marooned on a sea of snow, philosophically awaiting a snowplow near Oakville, Ont.

Kelowna Night At Kerrisdale Arena Is Attracting Many Packer-Backers

With the deadline for reserving tickets still two days away, Kelowna Athletic Round Table promoters of the On-To-Vancouver Packer-backer caravan are rejoicing at the response.

Up to noon today the number of Kelownians planning to trek to Vancouver next week with the Packers was nudging the 100 mark. But most of those who have picked up Kerrisdale arena tickets to date plan going by private car.

The second of three buses is partly filled. KART officials however believe many Kelowna boosters have left their decision to the last minute.

The last minute will be the one just before 6 p.m. Saturday. After that time, though there is a good chance late-comers can be accommodated, there is no positive assurance.

With the 150 or so hoped for right from the Orchard City, the support for the Kelowna Packers at Kerrisdale on Friday night of next week is expected to be swelled by hundreds of Kelowna people now living or going to school at the coast.

Co-operation Everywhere. Scores of University of B.C. Students from Kelowna already are co-operating at the other end to drum up a huge crowd to lend voice to the clamor and color of the hometown backers. Some are lining out with the arrangements for

the displays in Kerrisdale Arena that will greet hockey patrons as they enter.

Cars and buses traversing the Hope-Princeton Highway a week Friday will have special "Kelowna" identification. Each of the individual Packer backers will be equipped with red apples for the lapels and pom-poms.

Lady of the Lake Jean Ross, or if she is unable to go, then Miss Betty Ball, former Lady of the Lake and now attending varsity, will make an appearance on surfboard on the Kerrisdale ice inviting all and sundry to come and visit the "Western Water Wonderland", especially during the regatta.

Agogogo There. Too. A gag stunt with a newly made replica of the Agogogo is due to come off between periods.

Those intending to make the jaunt to the coast are reminded the buses leave at 8 a.m. Friday and return here about 10 p.m. Sunday. Transportation and hotel accommodation is being handled at the arena here. Pennants for cars also can be obtained at the arena.

KART's trek committee, headed by Ald. R. F. Parkinson, will hold another special meeting tomorrow to round out plans for meal stop-over, police escort into the metropolis and other stunts at the Packers at Kerrisdale game that Friday night.

Parking Meter Question Discussed by Aldermen

The parking meter question, which has been lying dormant for the past few months, once again loomed before city fathers Monday night.

The issue was revived when Alderman Dick Parkinson declared it has been impossible for the police to impose one hour parking on Bernard Avenue, and in view of this, he thought consideration should be given to installing the meters this spring.

From time to time council has requested the police to enforce the one-hour parking bylaw, but this has not been carried out.

Alderman Parkinson thought the traffic committee should investigate the matter again, and bring in a report to council.

Alderman R. F. L. Keller, council representative on the traffic committee, said the matter has been considered on many occasions, and that it has the information on the types of parking meters.

Alderman Ron Prosser did not think the parking meters would

relieve the parking problem. "Why, people who park their cars on the main street all day, would keep putting tickets into the slot. They would also be an annoyance to rural people," he said.

Alderman Keller agreed with Mr. Prosser's sentiments.

Mr. Parkinson said he had made a point in ascertaining the reaction of growers to the scheme, and he said they would not mind meters if they could be assured of a parking spot. He added many other cities have installed the parking meters during the past few years.

Alderman Bob Knox was also opposed to the meter plan. He said the Junior Chamber of Commerce had made a survey, and found meters did not solve the parking problem.

Alderman W. T. L. Roadhouse said he would be in favor of parking meters providing they would not work too much of a hardship.

It was finally decided to write other cities and towns where the meters are installed, and ascertain how they are working.

C.F. McClure Elected Head Retail Merchants Bureau

C. F. MCCLURE was appointed chairman of the Retail Merchants' Bureau, succeeding Craig Brodie, who recently resigned. Mr. McClure was named chairman at a meeting held in the board room of B.C. Tree Fruits Ltd. Herb Capozzi was elected vice-chairman.

Saturday night closing was again debated at great length, but it was finally decided to abide by the hours agreed upon several weeks ago. Thus stores will close at 6 p.m. Saturdays from January 1 to June 30, and remain open until 9 p.m. Saturdays from July 1 to December 31.

Some retailers felt the present split of six months closing at 6 p.m. and 9 p.m. was necessary, claiming that at least four months split would be satisfactory from the customers' point of view.

The bureau will also look into the matter of 5:30 closing on other days of the week, except Wednesday when stores will continue to close at 12 o'clock noon.

Definition of membership in the retail merchants bureau was also discussed. It was pointed out to be a member of the bureau, a merchant must retail merchandise from stock on hand, and must also be a member in good standing of the board of trade.

Qualified retailers who are not members, may attend meetings, but cannot vote or take an active part in the organization. Each store, regardless of size, has one vote, it

DECIDE HOCKEY PLAYOFF DATES

Final details for league playoffs, due to begin February 27, will be worked out at a special meeting of the Mainline-Okanagan Amateur Hockey League at Kamloops Sunday afternoon, President Mel Butler, Kelowna, advised today.

Representatives from all five teams—Kelowna, Vernon, Kamloops, Kerrisdale and Nanaimo—are expected to attend.

Convict Former Local Man On Bogus Cheque Charges

A former Kelowna resident, William Campbell McCall, was assessed fines totalling \$1,400 here on Tuesday when he appeared in police court on seven charges of obtaining money by false pretenses.

Magistrate G. A. McKay imposed a \$200 fine or in default six months imprisonment on each of the seven charges. Default terms were to be concurrent.

McCall, yesterday, was escorted to Kamloops to face similar charges alleged to have been committed in the Kamloops district. Prior to being tried here, McCall was convicted on four counts at both Osoyoos and Oliver.

Object of a wide police search for some time following the turn-up of a number of worthless cheques, McCall was finally located in Fort Saskatchewan, Alta., where he was serving time.

EXPECT DELAY IN OPENING SUB-STATION

Kelowna's new power distribution system, scheduled to be in operation the early part of September, may be delayed due to a hold-up in materials.

Council was advised to this effect Monday night by R. G. Anderson, general manager West Kootenay Power and Light Co., who stated transformers, which were ordered last year, and scheduled for delivery in July or August of this year, may be delayed as the factory is running behind production. He thought it may be October or November before the transformers are shipped.

Council expressed concern over the delay, and a letter will be sent to Mr. Anderson pointing out the necessity of having the system in operation in time to take care of the peak load.

"We are trying to get ourselves in decent shape for next fall," declared Alderman Ron Prosser.

The power company approved the location of the site where the sub-station will be constructed. The city has purchased a piece of property for \$600 on Richter Street between Morrison and Francis Avenues.

JOHN F. BURT LAID TO REST

Funeral services for John Fleming Burt, 65, former city employee who came to Kelowna 38 years ago and passed away on Sunday after a lengthy illness, was held this afternoon from First United Church.

Rev. E. E. Baskerville officiating. Interment was in Kelowna cemetery.

Last Post was sounded by Bugler Ross Oatman for the late World War I veteran at a Canadian Legion graveside service conducted by Legion Secretary William Kane.

Besides his wife, Christina, the late Mr. Burt is survived by two daughters, Mrs. Leonard Leathley and Mrs. Hugh Shirrell, both of Kelowna; three sisters and three brothers—Mrs. W. Brownlie, Vancouver; Mrs. T. Smith and Mrs. W. Hart, both in Scotland; and Mrs. James, in Scotland.

Arrangements were entrusted to Kelowna Funeral Directors.

Heavy Street Repair Bill Faces City As Roads Start Heaving

TAKE IT EASY

Speed these spring-like days doesn't help motorists to make friends. It's exactly the opposite. Pity the poor pedestrians and cyclists, Mr. Car Driver. With streets and roads covered with water and slush, they'd appreciate going about their business without getting splashed by autos as they go zipping by.

TRADE BOARD COMPLIMENTED ON BOOKLET

The Kelowna Board of Trade has received a letter from H. A. Trussell commending the "Kelowna, B.C." booklet which was published a few months ago and which was given such a favorable reception by the public.

Mr. Trussell suggested that all local service clubs should present copies of the book to the guests who attend their meetings.

Mr. Trussell commented: "I feel as you do, that the biggest event of the year insofar as Kelowna publicity is concerned was R. P. MacLean's wonderful contribution, 'The Kelowna Booklet'." This booklet has no peer to my knowledge in North America as a community advertiser. Our own companies in Kelowna are very conscious of his contribution to our welfare.

Mr. Trussell's suggestion has been turned over to the publicity committee of the board.

The Kelowna booklet to which Mr. Trussell refers was written (Turn to Page 8, Story 2)

20-Mile-an-hour Speed Limit Enforced

IT'S going to cost city taxpayers a pretty penny to repair the frost-damaged streets.

For the second consecutive year, the city engineering department is faced with heaving roads, brought about by the fact that frost went as deep as four feet into the ground during the recent cold spell.

While it is too early to estimate the damage, City Engineer George Meckling admitted it will be necessary to repave many sections of the streets and avenues, particularly in the business area.

Last year it cost approximately \$10,000 to bring the streets up to standard again. Conditions this year, however, differ somewhat from the spring of 1949, despite the fact there was a record January snowfall. Mr. Meckling recalled heavy rains fell in the fall of 1948, and the moisture penetrated well into the ground before freeze-up. Last fall there was little rain before the heavy snow started falling, with the result the road-heaving may not be as bad this year. Mr. Meckling pointed out it is a combination of frost and moisture that plays havoc with the roads.

As soon as the water disappears, the city engineer said gravel will be placed in the pot-holes, and when all the frost is out of the ground, patch-work operations will get underway.

This morning, in an effort to prevent the roads breaking up, the city enforced a 20-mile an hour speed limit within the city limits.

L. E. Willis, engineer for the provincial department of public works, said similar steps would be taken in repaving Bernard Avenue. Commenting on the amount of water in the gutters and the ice which is at present lying at the curb, Mr. Willis said it is the responsibility of the city to see that the water on the main street is removed.

Last year the provincial government undertook to maintain all highways running through a city. In view of the fact Bernard Avenue is a main thoroughfare, this roadway comes under the jurisdiction of the provincial department of public works.

Must Remove Snow. However, Mr. Willis pointed out the agreement between the city and the government calls for the provincial department of public works to snowplow and sand the street, but it is the city's responsibility to remove the snow.

"It sounds reasonable that if the snow was removed there would be no water on the main street," Mr. Willis added.

Asked if it is the intention of his department to repave the entire street, Mr. Willis said "I know what I would like to do, but what I will be able to do is another matter." He added that the maintenance cost on Bernard Avenue is much higher than elsewhere due to the heavy traffic. Referring to the heaving in front of the post office, the engineer said the logical thing to do would be to tear up the whole roadway and put in a solid foundation.

Commenting on the road situation generally, city engineer Meckling said it is "pretty tough" to assess the damage until the frost leaves the ground. He said some roads had heaved, but to date, the situation is not as serious as last year.

Frost Penetration. This year, the frost penetrated as deep as four feet, whereas in 1949, it was about three feet deep. However, Mr. Meckling explained it is not the frost penetration that plays havoc with the roads, but a combination of moisture and frost. Some roads are of a gumbo nature underneath the black-top, and when

FLOATING ICE CAUSES FERRY SERVICE DELAY

Mr. and Mrs. Average Citizen may be basking in the spring-like weather, but the ferry between Kelowna and Westside is still having its troubles.

Yesterday afternoon, another ice-flow blocked the narrow channel in which the vessel has been operating, and it took about an hour and a half for the boat to make the round trip.

L. E. Willis, engineer for the provincial department of public works, said the ice is starting to break up, but a strong wind would move the ice cakes into the channel. At present the ferry is making a wide circle in the north in order to get over to Westside.

He thought it would be several weeks before the lake is ice-free, providing of course the mild spell of weather continues.

ARTIST WOULD PAINT MURAL IN CITY HALL

James D. Johnston, Okanagan Mission artist, in a letter to city council Monday night, offered his services for painting a huge mural on the interior of the new city hall.

He thought a painting, depicting the historical past of the Okanagan, would be fitting. The letter was received "with thanks" although council indicated it is not interested for the time being.

CIVIC HEADS WILL ATTEND CONFERENCE

Annual meeting of the Okanagan Valley Municipal Association will be held at Sutherland Arms Hotel next Thursday, city council was informed Monday night.

About forty aldermen are expected to attend the conference. Delegates will be guests of the Vernon council at a luncheon at noon, and after the party will inspect the newly-installed fire alarm system.

SPRING'S HERE! TULIPS ARE UP

Is Spring really here? Or can the flowers be fooled?

Case tulip plant of E. J. Adkins, Lawrence Avenue, has come up to see what it's all about. He reports the stem of the plant already is an inch high.

"And the increases are going to keep coming," interjected Alderman Bob Knox.

More Assistance. "I don't see how they can," continued the acting mayor. We can't stand these increases. We need more government assistance if they are going ahead with these estimates."

Mr. Ladd said based on departmental estimates already submitted to council, coupled with the school board estimates, it would mean a tax rate of 65 mills. Later he said

It is not the council's intention to increase the mill rate but that every effort would be made to keep it at the present 45 mills.

Mr. Ladd said it seemed rather unfair that every city department has to curtail expenditures in order to keep the mill rate down, but that for two successive years, the school board costs have increased.

"This looks like the place to hit," (curtail school expenses) remarked Alderman Ron Prosser.

Mr. Ladd said there are only certain things council can do. He added the school trustees are doing a good job, and that it is not their fault that costs are out of line.

Alderman W. T. L. Roadhouse thought there was a big discrepancy between the amount charged against the city and that against rural areas. He suggested that trustees meet the city council. Every council tax rate of 65 mills. Later he said

School Estimates Tossed Around Like Hot Potato; Council Protests Budget

BUDGET of Kelowna School District No. 23 was tossed around the council chamber like a hot potato Monday night and finally landed in the laps of representatives attending the annual meeting of the Okanagan Valley Municipal Association to be held in Vernon on February 23.

City fathers frankly admitted the city could not pay its share of the cost—which this year amount to \$200,789, an increase of \$47,989 over 1949—and still run the civic administration in an efficient manner.

As revealed in last Monday's Courier, the school district is budgeting for an expenditure of \$619,872, an increase of \$106,939 compared with last year.

Acting Mayor J. J. Ladd started the ball rolling when he remarked that in the past two years, the increase in school costs to the City of Kelowna has been nearly \$100,000.

"And the increases are going to keep coming," interjected Alderman Bob Knox.

Tourist Travel Official Refutes Claim That Visitors Are Depleting Canada's Fish And Game Resources

That it is resident hunters and fishermen and not tourists who deplete Canada's wildlife resources was the contention of D. Leo Dolan, director of the Canadian Government Travel Bureau, in a recent address to a number of hunters' outfitters meeting in the East. Mr. Dolan's emphasis was that it is not U.S. visitors who are responsible for large-scale waste of Canada's fish and game resources.

"There are some very sincere people in this province who seem to think those of us who are promoting the tourist industry are in some way in league with hunters and anglers concerned only with the destruction of our fish and game," Mr. Dolan said. "With that view I want to here and now take violent exception. I know of no tourist official or tourist operator who is not genuinely concerned with the conservation of our wildlife. To have any other policy would be to engage in a form of economic idiocy."

Canadian anglers and hunters are responsible, more than anyone else, for the despoliation of Canadian wildlife, Mr. Dolan went on.

Supports Claim

"It is not the tourist angler or hunter who is depleting our forests of game and our rivers of fish," he declared. "The indictment is one that must be placed upon our own people, and the figures of our game departments will prove the truth of that assertion."

The federal tourist director then gave figures in support of his claim, citing the most recent available annual statistics from the game departments of the provincial governments.

In British Columbia in 1948 there were 51,374 angling licenses issued to residents of that province and in that year 13,793 licenses issued to non-residents. To resident big game hunters in British Columbia there had been issued 68,564 licenses and to non-residents only 3,600 licenses.

"But let me tell you the rest of this story, and it makes rather sad reading," said Mr. Dolan. "In British Columbia in 1948 there were 1,114 prosecutions of residents for violation of the game act and there and only three non-residents convicted. The story of game act violations is much the same in the other provinces for which I have the official figures. These figures give the lie to those who say, and say it often, that the visiting sportsman is one who is slaughtering our game and violating the regulations. Does anyone honestly believe that 3,600 visiting sportsmen will kill more game in any one season than 66,000 Canadians?"

In Alberta, he went on, there were 55,529 resident hunting licenses issued and only 12,982 to non-residents, and in that province the convictions were 196 residents and not one non-resident. Saskatchewan issued 44,171 resident hunting licenses against 623 non-resident, and the convictions there were 264 residents and 11 non-residents. In 1948 not one non-resident was charged with a game violation and in 1947 a solitary conviction of a non-resident was registered. In fishing there were 15,690 resident licenses issued and 4,367 non-resident.

Quoted Figures

"I computed the total kill of all game, moose, caribou, deer, mallards, Canada geese, prairie chickens and so on in Saskatchewan in 1948, from the official figures of that province," said Mr. Dolan. "Here is the story. Residents killed 105,788 animals and birds and non-residents had a total of 1,451. Need I give you figures startling figures to prove that it is not the visiting sportsman who is the villain in this piece? For instance resident hunters in Saskatchewan in 1948 killed 81,482 mallards and non-residents brought down 743. The residents killed 3,797 Canada geese, non-residents 51; residents killed 4,291 deer and non-residents four; residents killed 7,648 prairie chickens and non-residents 88. And so on down the line."

In Manitoba the non-resident angling licenses totalled 8,001 as against only 74 for residents. In that province there were issued 27,574 resident licenses for big game and 14,301 for game birds, while the non-residents were issued 487 big game and 811 bird licenses. The conviction story in that province shows eight non-residents in 1948 and not one in 1949, Mr. Dolan said. In the official records show, too, that in the 1948-49 season the kill was as follows: by residents—

deer 11,508, caribou 46, elk 488, moose 72. For the non-residents the kill of game was: deer 225, moose eight and none for elk and caribou because of the closed season on these animals. In waterfowl the resident licenses totalled 99,309. Manitoba officials point out there is no record of anglers' catch in that province and only about 50 percent of the hunters return their licenses, so the figures are estimated on that basis.

The Ontario record, said Mr. Dolan, was not available for the moment as to convictions. There is no resident fishing license required in Ontario, but there were 243,000 non-resident angling licenses issued in 1949 and visiting sportsmen paid into the provincial treasury \$1,450,000 for the privilege of fishing lakes and rivers in Ontario this past season. There were 283,000 resident hunting licenses issued in Ontario in 1949 and their purchasers paid \$400,000 in fees. The non-resident hunters totalled 17,200 and they paid \$363,000 in fees.

Too Much Game
"Surely no one in his right mind will tell me that 17,200 visiting sportsmen will kill more game in Ontario than 283,000 resident Ontario people," said Mr. Dolan. "Yet there are some writers who would have you believe the visitor is taking too much game out of Ontario and that he is, in effect, the only game hog in existence. It is a ridiculous argument."

The same story runs through Quebec, Mr. Dolan said. Resident fishing licenses in that province in 1948 totalled 71,752 and non-resident licenses 20,328. Hunting licenses sold to residents totalled 94,979 and to non-residents 2,219. In New Brunswick the resident licenses for angling were 1,672 and the non-resident 43,927. The hunting licenses sold to residents were 4,682 and to the non-resident 3,232. Yet the New Brunswick big game killed by residents numbered 16,310, and 2,842 were killed by visiting sportsmen. Only two non-residents were convicted of fishing regulations and no residents, while 139 residents were convicted of game act violations and only seven non-residents. In Nova Scotia the residents purchased 42,617 game licenses as against the 1,265 purchased by non-residents.

Here then is the final tally of fish and game act violations across Canada in the year 1948, for the provinces which I have cited," Mr. Dolan said. "There were 1,713 violations by resident sportsmen and only 31 by non-residents. The figures speak for themselves."

Conservation
The speaker told members of the Northern Ontario Outfitters' Association that their responsibilities, while fundamentally the same as those for other good citizens in regard to conservation, were of peculiar importance to their own vocational group.

"Every guide and outfitter, in practising wise conservation measures, is preserving his own equity in the woods and streams which give him his living," Mr. Dolan said. (Following his return to Ottawa, Mr. Dolan received these figures of fishing and hunting violations in the province of Ontario for 1948: 2,985 convictions of resident fishermen in 1946, 287 in 1947, 409 in 1948 and 304 in 1949; 310 convictions of non-resident fishermen in 1946, 282 in 1947, 364 in 1948 and 309 in 1949; 2,985 convictions of resident hunters in 1946, 287 in 1947, 409 in 1948 and 304 in 1949; 310 convictions of non-resident hunters in 1946, 282 in 1947, 364 in 1948 and 309 in 1949; 2,985 convictions of resident hunters in 1946, 287 in 1947, 409 in 1948 and 304 in 1949; 310 convictions of non-resident hunters in 1946, 282 in 1947, 364 in 1948 and 309 in 1949.)

Kelowna Kinsmen Observe Founding of Service Club

Commemorating the 30th anniversary of the founding of the Association of Kinsmen Clubs, members of the local organization are holding a gala dinner and dance tomorrow evening at the Legion Hall.

Founded in February, 1920, by Hal Rogers of Hamilton, Ontario, the organization has since grown from a small club of twelve members to a federation of 300 clubs including approximately 9,000 members. Kinsmen clubs are located in cities and towns stretching from Newfoundland to Vancouver Island.

Twelve young veterans of World War I formed the first Kinsmen Club with the policy of keeping it a young man's organization. Restrictions within the club state that no member can hold office after attaining the age of 40 years. This guarantees a young active executive and provides excellent training in leadership for young men.

Founded as a service organization Kinsmen Clubs throughout Canada carry on a few national projects. During the war they sponsored the milk to Britain campaign, which was terminated at war's end. This was followed by a food to Britain campaign but this too has since been discontinued. At present the national project of these clubs is the awarding of scholarships for cancer research.

Prominent among local projects undertaken by Kelowna Kinsmen was the operation of the Scout Hall. Recently the local club completely furnished a children's ward at the hospital.

Guests of honor at this founder's day banquet will include Alderman Jack Ladd, acting mayor, and Mrs. Ladd, Mr. and Mrs. George Rannard, representing the Gyros, Mr. and Mrs. Ed Abbott, representing the Rotary Club, Dr. and Mrs. Hector Moir, of the Kiwanis Club, and Dr. and Mrs. Mel Butler, of the Lions Club.

President, Dr. Gordon Wilson, will chairmen the banquet at which timely messages from Hal Rogers, founder, and S. Suttcliffe, national president, will be read by Jim Hume and Carl Stevenson respectively. Tom Hill will propose the toast to the association and Jack Cahill will toast the ladies. Mrs. Bruce Moir will respond to the toast to the ladies.

Commencing at 7 o'clock the banquet will be followed by a dance at which Carl Dunaway and his orchestra will provide musical entertainment. Art Jackson, assisted by Dr. Bruce Moir, will handle all arrangements for the gala affair.

LEGION NAMES NEW OFFICERS AT PENTICTON

PENTICTON—Almost 200 members of Branch No. 40 of the Canadian Legion met to select a slate of officers for the coming year. Everett Gordon defeated J. H. Hooper in the race for the presidency after R. L. Fraser had withdrawn.

Ron Dean won over Edgar Dewdney for the position of first vice-president, while Frank Colclough, in being elected as second vice-president, defeated R. H. Peterson, W. G. Swan and N. L. Hooper.

Thirteen names went before the membership as candidates for the executive with the following six emerging as victors: J. D. C. Washington, Edgar Dewdney, George "Scotty" Gordon, N. G. Kincaid, J. R. "Dick" Coffin, and N. C. Hooper. Two society members, P. F. Erant and H. S. Kenyon, were elected by acclamation.

J. H. Robb was elected sergeant-at-arms with H. E. Gough providing the competition. Two oldtime members were also elected to honorary positions, J. A. "Pop" Brittain will be honorary president and Percy Coldron, honorary first vice-president.

Retiring president M. P. Finnerty, M.L.A., asked for an increased attendance at the regular monthly meetings.

The Canadian Legion, as well as helping veterans, has been recognized for its assistance in community affairs, he pointed out, and called for maintenance of this position.

VISITS COAST—After spending a short visit in Vancouver, Mr. F. H. Ingram recently returned to his home at Okanagan Mission.

ordinary commodities of life. We do not suppose there is a more important factor in keeping up the necessary for asylums, penitentiaries and jails, and in producing immorality and crime throughout the entire country than liquor."

FEDERAL GOV'T EXPROPRIATES GYRO BUILDING

PENTICTON—The Federal government has expropriated the Gyro Hall.

Word of the expropriation has been confirmed by the Gyro Club's executive with the added information that they have cancelled all bookings later than February 15 and plan to vacate the building by February 20.

H. W. McInnes, of the legal firm of McInnes and Washington, who is acting for the federal authorities in the matter, said his instructions do not include any information as to the purpose for which the hall will be used.

But it has been common knowledge that negotiations between the club and the government have been proceeding for some time with a view to turning the building over for use as an armoury for the local reserve army unit.

The unit, "C" Squadron, 9th Recce Regt. (B.C. Dragoons) has been holding drills in makeshift quarters since the old armoury, further west on Neilson avenue, was condemned, sold and demolished more than a year ago.

The price to be paid for the building has not yet been divulged, but it is believed that the government will follow up its expropriation proceedings with an offer.

The Gyro executive points out that its future plans are as yet uncertain.

The price to be paid for the building has not yet been divulged, but it is believed that the government will follow up its expropriation proceedings with an offer.

Any surplus will be devoted to Gyro charities.

Mrs. Flaterud, of Forgan, Sask., is visiting in this district to attend the funeral of her mother, Mrs. E. Williams. Also visiting here to be present at Mrs. Williams' funeral are Mr. and Mrs. T. Hoover and two children of Enderby, who are the guests of Mr. and Mrs. E. Weiss and Mr. George Williams.

Mr. and Mrs. George Senger who have spent the winter at Peachland were guests of the latter's father, Mr. George Williams last week.

Mr. Budge Barlee has cleared a beautiful piece of ice in front of his home which he has flooded and even provided lights at night for various skating parties. Young and old have taken advantage of his hard work.

Larry Hawkins entertained a number of young friends last Saturday afternoon in honor of his birthday.

The arthritic campaign got underway this week in the district with the Mission quota being set at \$700. Under the direction of Mr. R. Archer Houlton, members of the U-Go-I-Go Club are assisting with the canvassing.

Miss Nancy Drake entertained a number of school friends from town and the Mission at a skating party last Friday evening.

Members of the Okanagan Mission Young Peoples' group enjoyed a wiener roast and skating party last Saturday evening.

CANCER AND FEAR
One of the worst features of cancer is the fear it instills into people. In many cases this fear prevents men and women who suspect they may have cancer from consulting a doctor at once. If you have cause for suspicion, see a physician right away. To delay may be dangerous.

WILL-POWER PAYS OFF

Mill-power pays off when it comes to leaving the vegetables alone while they are cooking. When the lid is off the pot, valuable vitamins and minerals escape and the cooking is prolonged. With the lid on the food is not only more nourishing, it is more tasty as well.

BOY
SCOUT
COLUMN

The Canadian Boy Scouts annual financial campaign for 1950 is now underway, and continues until February 22. Its purpose to raise funds for the administration and expansion of Scouting on local, provincial and dominion levels.

MOOSE LODGE PROVIDES
SCOUT BOOKS

Moose Lodge members in Brockville, Ont., have, for the second year, voted \$50 to the local Boy Scouts Association. This year the money was used to provide a set of Scout textbooks for the Brockville Public Library.

GREAT OPPORTUNITY SAYS
PREMIER

Declaring that "There has been a sad breaking down of home life which has been robbing millions of children of guidance to which they are entitled" Premier Manning of Alberta told a recent provincial conference of Boy Scout leaders that they have a greater opportunity than ever before in their work with the boys of Canada.

THIS ONE'S EVEN SMALLER!

A claim that Canada's smallest Scout Troop—three boys and a Scoutmaster, is located at Buffalo Creek, B.C.—has brought out the fact that at Tuktoyaktuk, N.W.T. is Canada's smallest and most northerly troop.

Located about 90 miles north.

east of Alkavik and 200 miles north of the Arctic Circle, the Tuktoyaktuk troop consists of Noah Neyavak (13) and William Nasogalvak (13) and the Scoutmaster is Miss Dorothy Robinson, a teacher at the Mission School there.

TO HONOR MEMORY OF "B.P."

The memory of the founder of the Boy Scout and Girl Guide movements, Lord Baden Powell of Gilwell, will be honored in Canada on February 19, when Scout-Guide Sunday will be observed. Baden-Powell, famous as the Hero of Mafeking in the Boer War, organized the Boy Scout Movement in England in 1907. Today scouting has a world membership of five million in more than 40 countries.

First Mission Scout Troop have been busy cutting wood for the hall.

The Kelowna Scout Sunday will be observed on Sunday, February 26. All Scouts and Cubs will meet at 10 a.m. at Scout Hall, Kelowna.

BOWLING

LADIES COMMERCIAL LEAGUE

Wednesday, February 8

Held to a split by the Nip and Tucks, Sweet Sixteen managed to hold on to the lead in the Ladies' Commercial (flop) League after Wednesday's play at the Bolodrome.

But Elkettes and Laurettes are pressing hard, both picking up four points and narrowing the Sixteen's margin to one point. Sweet Sixteen's Abrams scored the high single (310) while Elkettes' Muriel Willows came through with another high triple (713). Purplettes garnered both team honors with 1049 and 2682.

PLACED ON PROBATION

A 17-year-old youth, who forged the name of a Benvoulin resident on two cheques totalling \$60, was placed on six months' probation and ordered to make full restitution when he appeared before Juvenile Court Judge G. A. McKay on February 4.

SAFETY AND YOUR EYES

Many industrial accidents occur in operations normally thought to be "safe." Especially with regard to accidents that affect the eyes, it is always best to take extra precautions even when the danger seems slight. It's far easier to prevent loss of sight than to repair eye damage once it has been caused.

Winfield United Church
In Excellent Financial
Shape, Reports Reveal

WINFIELD—At the annual congregational meeting of the Winfield United Church, reports from all departments showed that the church is in a splendid condition and that steady progress had been made during 1949.

Rev. R. C. S. Crysdale opened the meeting with a short address on "Faith."

The treasurer's report revealed that receipts from all sources of general revenue amounted to \$1,371.63 and expenditures \$1,163.17, leaving a credit balance of \$208.52 with all accounts paid up.

The new church building is progressing very well, although the work has been unavoidably delayed owing to the extreme cold weather, but work will be resumed shortly.

The report of the building fund treasurer was very encouraging, showing receipts of \$4,145.65 and expenditures of \$3,912.88 with outstanding accounts payable of \$46.16.

Voluntary Labor

The value of voluntary work done is estimated at over \$2,000. It will probably take another \$3,000 or \$4,000 to bring the building to completion and part of this sum will have to be raised by way of a loan.

The report of the elders showed that during the year seven members were received into the church by profession of faith and 11 by transfer.

Removed by death one, and by transfer two. The membership at the end of 1949 stood at 26 with 200 adherents. There were 21 baptisms, one marriage and two funerals.

The Sunday School report showed receipts of \$56.55 and expenditures of \$78.10, leaving a credit balance of \$8.55. There was an average attendance of 24 children and the staff consists of six members.

Successful Tea

The Women's Federation reported a very successful year with receipts of \$646.48 and expenditures of \$588.30. The St. Patrick's Tea brought in \$93.91 and the concert very kindly put on by the Rutland Young People's Club realized \$65.97 and the amateur talent concert added \$151.00 to the Federation funds.

The Federation donated \$100.00 to the church board for general expenses and also purchased two collection plates for use in the church.

The sum of \$60 was forwarded to the fund for renovations to the manse at Rutland, so altogether the ladies are to be congratulated on their work during the year.

The trustees reported that the title to the church property was now complete following the re-survey of the land.

Elected Officers

The following officers were elected for the year 1950: trustees, G. W. Edmunds, L. Clement and S. C. Jones; elders, S. Tyndall and S. C. Jones; stewards, A. Arnold, three years, S. Tyndall, three years, J. McCoubrey, two years, G. Edmunds, two years, A. Seltner, two years, G. King, one year, S. C. Jones, one year.

The board of stewards expressed appreciation of the help given by all those who by reason of their voluntary labor made possible the splendid progress of the new building.

Louraine Arnold is in the Kelowna hospital under observation by the doctors. It is hoped that she will

the field so completely that the King of Sweden summoned him to the royal box, pinned a medal on him, and told him he was "the greatest athlete in the world."

To imagine just how highly this former halfback for the Carlisle, Pa. Indian Institute is regarded, recall the names of a few other football greats since Thorpe's best days in 1911 and 1912. Since then, to name a few, there have been such men as Bronko Nagurski, Sammy Baugh, Ernie Nevers, Red Grange or even Don Hutson—all familiar names even to Canadians.

Thorpe was so far above these that the Galloping Ghost, Red Grange, came a distant second and Nagurski third in the poll.

Thorpe's Olympic medals were taken away from him when officials discovered he had played semi-pro baseball. He passed into semi-obscure, as most athletes do after his retirement from sport and it has been mainly in the last decade that sports writers, digging through records, have revived his name and feats.

His exploits, impossible as they seem, have become famous sports stories now, but a few bear repeating. The one, for example, in which he was reported to have taken out a six-man interference wall with a single block.

Then there was the time in 1912 against Army when he carried three men across the goal to score in the first three minutes of play. Later in the same game he took a 90 yards for the major. However, a penalty nullified the score so Thorpe on the next play caught a kick on his own five and blasted 95 yards for a touchdown. He scored 23 of his team's 27 points.

A second offence charge of being intoxicated in a public place cost Hilda Card \$25 and costs in city police court Feb. 6.

TENDERS FOR
WOOD FUEL

Tenders are invited for the supply of wood fuel, mixed fir and pine, green cut, split with face not exceeding 6 to 8 inches, delivered and piled at the respective school properties as indicated hereunder:

GOLFING FEES DECISION DUE ON WEDNESDAY

That question of what to do about the subscription fees comes up for airing again on Wednesday next week at an extraordinary general meeting of the Kelowna Golf Club. The parley is set for

the club house at 7:30 p.m. Notice has come out to all members advising proposed increases of \$5 yearly for regular playing members, both men and women, will be up for consideration. Proposed rates would be \$30 and \$25 respectively.

It is also proposed to start assessing juniors at the senior rate when they reach 19 years of age and suspend entrance fees for 1950 until general meeting of the Kelowna Golf Club. The parley is set for

PRELIMINARY NOTICE OF A VERY ATTRACTIVE AUCTION SALE

of fine quality furniture to be held on

WEDNESDAY, MARCH 1

at the home of Mr. A. L. REOPEL, who resides at OKANAGAN MISSION, on Cedar Creek Road, 1½ miles from Mission Grocery Store and just south of the home of H. C. Mallam. 5½ miles south of Kelowna.

Having received instructions, I will sell the whole of the household furniture and effects. Look for details in next issues of both local papers and posters.

Also keep this date open—MARCH 1st. Sale will commence at 10 a.m.

F. W. CROWE, Auctioneer.

SPORTS SPHERE

Bingo, Shamlock and Company Hold No Terror For First-Bent Packers

ALWAYS a threat, but more so than ever since several ex-pros have been added to the roster, the Nanaimo Clippers pose a serious stumbling block at Memorial Arena tonight in the Kelowna Packers' bid for the top spot in the Mainline-Okanagan senior puck circuit standings.

With the league wind-up just nine days off, the Clippers, Packers and Kamloops Elks all are in the running for first at the post. Vernon Canadians after their 3-2 victory over the Packers Tuesday, at Vernon, still have an outside chance.

As has been the case virtually all through the evenly-matched league play, positions in the standings are at stake tonight. The Clippers, starting out their final interior trek of three games in as many nights, currently are holding down the runners-up spot behind the Elks by a matter of .005 points over the Packers.

Packers Favored
Despite such big name players as Bingo Kampan, not so long ago out of the Toronto Maple Leafs' camp, and Eddie Shamlock, Nanaimo's scoring mainstay during the past few weeks, the Packers are slight favorites to come out on top tonight.

Observers cite two reasons: The Clippers probably will be tired after their long haul up from the coast; and the way the Packers have been flying in their last three games, it's going to take a fresh outfit to stop them.

Somewhat disappointed but not depressed over Tuesday's outcome at Vernon, which he attributed to breaks and nothing else, bench coach Bob Taylor expressed confidence the Packers will be grating second place after tonight.

Same For Vernon
He had the same sentiments about the outcome of the game here on Saturday when the Vernon Canadians make their final league appearance.

Game time both nights (tonight and Saturday) is 8:30. Only dark cloud on the Packers' horizon for tonight is the uncertainty whether Denny Semerchuk, high scoring left winger on the Winnipeg line, will be sufficiently recovered from the "flu bug" attack to take his turn on the ice.

The Packers, with five games left to play, just have three games left on their schedule. A combination of two wins for Kelowna and two losses for the Elks would result in tied position.

A "Natural" On Tuesday
Which is all building up to a "crooked" game when Kelowna goes to Kamloops Tuesday night for a game postponed by the severe cold on January 9.

Meanwhile, the Clippers, win, lose, or draw here tonight, go on to Vernon for a Friday night game and show in Kamloops Saturday.

Statistically, Packers and Nanaimo are all square. Each has won two—one at home and one away—of the four hook-ups to date.

VERNON 3, KELOWNA 2
(Special To The Kelowna Courier)

VERNON—Playing with their backs to the wall after a succession of losses, the Vernon Canadians fought right down to the wire to edge the Kelowna Packers 3-2 in a thrilling MOAHL game in the Civic Arena here Tuesday night.

Recently reinstated George Hayes fired in the winning goal with 70 seconds left in the game after the two teams had battled at breakneck speed to bust up a 2-all count for more than 20 minutes.

Wayne Nelson, Glen Fowler in five form and tested 29 times to the 20 shots the Canucks had on Al Leach, the Vernites went into a 2-0 lead early in the second period.

Scored Both Goals
But persistent pressure from the Packers finally paid off in the second as the one string of Koz Gacek, Jim Middleton and Jim Hanson clicked twice to knot the count.

Hanson was a newcomer on the line, moved up from defence to fill in for the ailing regular Denny Semerchuk.

Play was a little on the ragged side in the third period and it looked like overtime until Hayes used the old noodle to catch the Packers sleeping twice running.

One of his goals was called back on an offside ruling but seconds later he broke from the packer pressure to notch the winner.

VERNON—Bowling, MacKay, Stecyk; Louison, O'Neill, Jakes, Suby; Grant, O'Reilly, Taylor, Gacek; Kobus, Senior, Mills, L. Sullivan.

KELOWNA—Laface; Amundrud, Kuly; Gacek, J. Middleton, Hanson; Suby; R. Middleton, Kusmack, H. Sullivan, Sundin, Lowe, Gouille, Klippleberg, Hoskins.

First period: 1, Vernon, Stecyk (Hayes) 10:37. Penalties: MacKay, Hoskins, Grant.

Second period: 2, Vernon, Jakes (Stecyk) 1:28; 3, Kelowna, Gacek (Hanson, J. Middleton) 5:35; 4, Kelowna, J. Middleton (Hanson, Gacek) 12:31. Penalties: MacKay, H. Sullivan.

Third period: 5, Vernon, Hayes (Grant) 18:59. Penalties: MacKay, Kusmack.

**SCHOOL CAGERS
CAN TIE LEAD
HERE FRIDAY**

Kelowna Senior High cagers have tough games on their hands tomorrow night when they come up against the unbeaten Pentiction boys and girls for the first time here at the new gym. A win for the local guys and girls will pull them up to a tie for first place in the valley league.

A junior boys' game also is on tap between Pentiction and Kelowna, starting off the night's doings at 7 p.m. This will be followed in order by the senior girls and boys.

**INDIANS LEADING
CAGE PLAYOFFS**

RUTLAND—Rutland Indians take a 17-point lead with them into the second game of a home-and-home intermediate A basketball playoff series as a result of their 40-23 win over Kamloops Red Devils here Friday night.

Don Gillard sparked the Indians to their important victory with 16 points.

KAMLOOPS—Hamm 2, Beesley 10, Stebbing, Buchanan 9, Martinson, T. Holt 2, Burgoyne, B. Holt, Total 23.

RUTLAND—Brummet 5, Day 5, Montgomery 5, Elmer 5, Fitzpatrick, Senger 2, Kinoshita 2, Gillard 16. Total 40.

**TABLE TENNIS
CLUB FORMED;
PLAY MONDAYS**

The St. Michael's Table Tennis Club came into being Monday night as ardent followers of the game held their first organized get-together.

Every Monday night, at the Anglican Church hall on Sutherland Avenue, will be future table tennis night for the club. Five tables were in use this week as 15 enthusiasts, including members and prospective members, played a series of matches.

Cliff O'Brien, for this first year, are: Cliff Brown, president; Len Cuddeford, vice-president; and Bill Treadgold, secretary-treasurer.

New members are welcome and anyone interested in joining should turn out Monday nights—bringing running shoes along.

Church, conducted the funeral this afternoon (Thursday) from the chapel of Day's Funeral Service. Active pallbearers were: Messrs. D. Thomas, P. Meek, D. Newton, D. Ubertino, W. Treadgold and T. Hodgkinson. Interment was in Kelowna cemetery.

Coming to Kelowna four years ago from Mossleigh, Alta., the late Mrs. Martin was born in Oak, Neb.

She leaves to mourn her passing six daughters and three sons—Mrs. R. (Rose) Stein, Vancou, Alta.; Mrs. R. (Marjory) Middleton, also of Vancou; Mrs. R. (Verna) Stewart, Mossleigh; Mrs. C. (Vivian) Larson, Vancouver; Rita and Wilma at home; Kenneth and Linden, both of Kimberley, B.C., and Stanley, Lethbridge, Alta.

Also surviving are her father, James Locke, Loyallat, Alta.; six brothers, Roy and Guy, both of Vancouver, Wash.; Carl, Lee and Earl in California; and Ivan, Camrose, Alta.; and 16 grandchildren.

TRADE LICENCE

Ernest Tiede, 1441 Ellis Street, was granted a trade licence to sell Raleigh products in the city.

KELOWNA FUNERAL DIRECTORS
340 Lawrence Ave.

RETIRED ALTA. FARMER DIES

Last rites for David McFadden, retired Alberta farmer, who passed away in hospital on Monday, Feb. 13, at the age of 59, were held this morning from the chapel of Day's Funeral Service. Mr. Nelson, Vancouver, of the Christian Brethren, conducted the service. Burial was in Kelowna cemetery.

Native of Haliburton, Ont., the late Mr. McFadden farmed near Manville, Alta., until he and his wife came to Kelowna to retire six months ago. Their home residence is 765 Coronation Avenue.

Surviving are his wife, Frieda, eight daughters and two sons—Mrs. W. (Irene) Sharpe, Camrose, Alta.; Mrs. A. (Emma) Wadsworth, Edmonton; Mrs. A. (Alexa) LaBoucan, Innisfree, Alta.; Edith, Iwilla, May, Frances and Helen, all at home; William, in Vancouver, and Lawrence, at Manville, Alta. Five grandchildren, three sisters, Mrs. W. McInroy, Kelowna, Mrs. Nicol, Manville, and Mrs. Oliver, Leslieville, Alta., and three brothers, Dell and Eber of Manville, and William in Saskatchewan also survive.

MAN SENTENCED FOR CASHING WIFE'S CHEQUE

Jacob May, Rutland, will have the next 60 days to repent for forging a family allowance cheque made out to his wife.

He was sentenced to that number of days, with hard labor, when he appeared in district police court this week before Stipendiary Magistrate G. A. McKay. Conviction on a charge of theft of blankets from F. Bigattini also drew a 60-day hard labor sentence from Magistrate McKay.

Terms were to be concurrent.

BOARD OF TRADE EXECUTIVE HOLDS DINNER MEETING

The meeting of the executive council of the Kelowna Board of Trade this week departed from the usual, in that it was a dinner meeting attended by executive members along with members of the various committees of the Board.

Purpose of the meeting as outlined by President J. Monteith was to bring the committee men and the executive together to become better acquainted and to enable the committee men to see just what went on at a meeting of the executive.

A number of reports were received from committee chairmen including an excellent report by C. Gaddes of the industries committee. A lively discussion centred around enforcement of the one-hour parking bylaw and parking meters. A wide divergence of opinion was evident. The discussion was prompted by a request from the city council for some guidance from the board on the parking meter question. It was evident that a considerable number of those present thought that the present one-hour parking bylaw would meet the needs of the city if it were enforced. No definite action was taken by the meeting.

COY CUP FINALS START MONDAY

Kelowna and Summerland start their Coy Cup playoffs on Monday, it was announced today.

Winner of the two-game total goal series (both games will be played in Memorial Arena, with the second probably Tuesday) will meet Kamloops in one interior series. This series has to be concluded by February 25.

Winner then will meet the champions of the Okanagan Valley in intermediate hockey league.

2 TRADE BOARD

More About

(From Page 1, Col. 6)
and printed by The Kelowna Courier for the Kelowna Board of Trade. There was such a public demand for copies that an arrangement was made between The Board of Trade and The Courier by which approximately 5,000 copies were put on sale in local stores. This quantity was depleted before Christmas and another edition—actually the third printing—is now on the press. It will be available to the public about the middle of March.

While much favorable comment was accorded the other printings, particularly regarding the reproduction of the cuts, the new printing, the printers feel, will provide even better cut reproduction. This has been obtained by the use of more expensive paper.

JAMES MURDOCH PASSES AWAY

James Murdoch, former Vancouver resident, passed away in hospital here on Monday, February 13, at the age of 70 years. He had come to Kelowna a short time ago to reside with his daughter, Mrs. T. C. Duggan, 802 Glenn Avenue.

Rev. D. M. Perley, First United Church, officiated at the funeral Wednesday afternoon from the chapel of Day's Funeral Service, with interment in Kelowna cemetery. Pallbearers were: Messrs. J. M. Jennings, R. C. Wilson, H. P. Brown, W. E. Atkinson, H. Wightman and F. Faulkner.

He leaves to mourn his passing four daughters—Mrs. T. C. Duggan and Mrs. B. T. Greening, both of Kelowna; Mrs. J. Gibbon, Agassiz, B.C., and Mrs. G. G. Lind, Rutland.

CAR LICENCE SALES DRAG, FIGURES SHOW

Unless there is a last minute spurt on the part of motorists to obtain their 1950-51 licence plates, there will be a lot of people queuing up at the end of the month. To date, only 750 people have obtained passenger car licences, and only 350 truck owners. Total of 1,100 drivers' licences have been issued.

This compares with 900 passenger car licences sold at the same time last year, and 430 truck licences. Total of 1,400 drivers' licences have been sold.

ATTRACTIVE BUNGALOW FOR SALE

Situated on well developed lot close to schools. Contains full basement, attached garage, forced air hot air furnace—sawdust burning, finished playroom, fruit room, fuel room and laundry tubs. Upstairs—large living room with fireplace, lovely kitchen with bar counter to dinette, two good bedrooms and modern bathroom. Also has front entrance hall, glassed back porch, hardwood floors throughout and includes Venetian blinds and awnings.

PRICE REDUCED TO \$9,000.00.

Owner Leaving Town.

FACT—NOT FICTION! For 20 years I've been hearing stories about the OGOOGO, and I never believed 'em. I'm sure now there's an Ogoogo and that's what we saw.

That's what one eye-witness said—and he didn't see it alone, four other alert, intelligent people also saw Ogoogo, 300 yards from the Aquatic diving stand, the time being around 8 p.m. "and visibility was good" stated this eye-witness, last year.

Read all about Ogoogo for yourself. Who? Where? When? What? It's all answered for you in a cleverly written booklet, pocket size and in color, entitled: "OGOOGO" his story by R.P.M. Complete with envelope, ready for mailing to your friends, only 25¢ plus 1¢ tax. On sale at Newsstands, drug stores, Chapin's, Schell's, Coffee Counter, Sporting goods stores and at the Courier.

INTRODUCTION CLUB for sincere people. Write to No. 311 529 Beatty St., Vancouver, B.C. 51-4f.

QUICK AND EASY WAY TO CASH WAR SAVINGS CERTIFICATES

If you cash your War Savings Certificates yourself, you have to sort them every month, endorse and mail each one to Ottawa when it matures, and then cash or deposit the cheque for it.

Why not redeem these Certificates the simple way? Just leave them for safekeeping at your Bank of Montreal branch, and arrange for their credit, upon maturity, to a savings account in your name. As each Certificate falls due, the B of M will cash it and credit the proceeds to your account.

Many people find that this inexpensive B of M service helps them save the proceeds of their Certificates. They're less inclined to spend the money than if it first passed through their hands. Thus, they rid themselves of a care—and at the same time speed the day when they can make their important plans a reality.

Walter Holton, B of M manager, at Kelowna, invites you to open a suitable savings account for this purpose if you're not already one of the bank's 1,700,000 depositors. Why not place your Certificate in B of M safekeeping tomorrow?

PROPERTY WANTED — SMALL business with living quarters, in interior town, by two young widows. Coffee shop or children's shop preferred, but not necessary. Terms. Write Box 1303 Courier.

PROPERTY WANTED — 3 BEDROOM, UNFINISHED bungalow on double lot, full basement. Outside city limits on bus line, low taxes, low priced, some terms. Phone 374-L, 840 Glenwood Ave.

18 ACRES FOR SALE—ENDERBY with or without stock and machinery. Write Box 1756, Enderby.

12 ROOM MODERN HOUSE — Suitable for revenue. Two minutes walk from Post Office. Apply 570 Lawrence Ave. Phone 1071. 51-4c tomorrow

289 BERNARD AVENUE

NOTICE OF SALE BY TENDER SEALED TENDERS will be received by the undersigned at the Parliament Buildings, Victoria, B.C., not later than 12 o'clock noon, Friday, March 17th, 1950, for the purchase of Lot 244, Osoyos Division of Yale District, situated two miles northeast of Westbank.

The highest or any tender will not necessarily be accepted but no bid of less than the upset price of \$390.00 plus \$10.00 Statutory Crown Grant Fee will be entertained.

Terms may be granted of one-quarter cash with the balance payable in three equal annual instalments with interest at the rate of 4 1/2% per annum with the Crown Grant fee being payable with the last instalment. All cheques must be certified and made payable at par, Victoria, in favour of the Deputy Minister of Lands.

Sale of this land will be subject to the works of Final Water Licence No. 12082 and the right of the holder of said licence to enter the land to maintain, repair and operate said works.

Remittances of the unsuccessful tenders will be returned immediately after the date of opening of the tenders.

All tenders must be enclosed in a sealed envelope upon which have been inscribed the word "Tender" and "File No. 0134042".

GEO. F. MELROSE, Deputy Minister of Lands. Victoria, B.C. February 11th, 1950. 54-1c

Theft of a rick of four-foot firewood cost Fred G. Meise, Rutland, \$25 and costs when he appeared in district police court February 14.

Failure to come to a complete stop at a stop sign cost M. J. Poirier \$5 and costs in district police court February 14.

CHEESE CORNMEAL FINGERS

Mix and sift into bowl, 1½ c. once-sifted pastry flour (or 1½ c. once-sifted hard-wheat flour), 3 tps. Magic Baking Powder, ¼ tsp. salt. Cut in finely 3 tbs. chilled shortening and mix in ¼ c. yellow cornmeal, ¼ c. shredded cheese and 2 tbs. chopped parsley. Make a well in centre, pour in ¾ c. milk and mix lightly with a fork. Knead for 10 seconds on a lightly-floured board and roll out to ¾" thick rectangle; cut into 12 fingers and arrange, slightly apart, on greased baking sheet. Bake in hot oven, 425°, about 15 mins. Serve hot with butter or margarine. Yield—1 dozen fingers.

LETTERS TO THE EDITOR

SUPPORT CAMPAIGN

593 Sutherland Ave.
Kelowna, B.C.
Editor, The Courier:
Dear Sir,—May I use this column to say a few words to your many subscribers in support of the current drive for funds of the Canadian Arthritis and Rheumatism Society.

I think you all know me. If not by name, as the crippled fellow who sells flowers and Christmas cards to you and drives the small electric car around. Drives it standing up because arthritis has destroyed most of my joints so that I am unable to sit down. Yes, you have all seen me, but you rarely see the thousands who are many times more crippled than myself. Crippled by arthritis. Probably not. They are shut in and bed-ridden. Few people see them or see their tortured, twisted and wasted bodies. Twisted and misshapen until they look like a nightmare.

Pity them? Fought! Pity is a hateful, destructive thing not wanted and not needed. Those who suffer from your pity are better off without it. No, these arthritides do not want your pity and it is too late now to do much for them, but they would like to know you were contributing generously to the Canadian Arthritis and Rheumatism Society so that others might be spared what they have had to bear.

For it could happen to you. But if you contribute generously making the facilities readily available to check and treat the disease at the first symptoms, it is not probable. With money available for further research I believe before long the disease will be licked and it depends on your contributions. Sincerely,

HOWARD WILLSON.

"ONE COMMUNITY"

Editor, The Courier:
Dear Sir,—May I express my hearty appreciation for your recent editorials in support of a bridge over Okanagan Lake. Such a bridge when it is built will do more to open up the Okanagan Valley than anything has ever done, and will make the east side of the lake, rather than what they are now, two separate communities.

From the standpoint of businessmen and the plain ordinary citizen, it will mean a saving of money and time, and will increase the value of property on the west side.

Again thanking you for your support of such a project, I am, your very truly,

M. G. HICKS.

BRIDGE NEEDED

Editor, The Courier:
Dear Sir,—As a citizen of the Okanagan as well as a resident of the west side I wish to add my plea for a bridge to Kelowna as soon as possible. Then we can all enjoy the scenery and facilities of the Valley without the worry of "losing a place on the ferry" whether we are pleasure-drivers, tourists or regular commuters.

Another recommendation for a bridge is that it would help in police, fire and ambulance emergencies. Yours truly,

(Mrs.) H. O. PAYNTER.

CITY HALL

Kelowna, B.C.
1419 Bertram St.
Dear Mr. Editor,—I read with a great deal of interest the last issue of The Courier respecting the building of a city hall which is certainly badly needed. I was, however, very much surprised to note that a bylaw will be submitted to the ratepayers to raise some \$40,000 for the completion of same, but that the erection will go ahead and be completed before the bylaw is passed. Is this the proper way to proceed? Surely in one's own business one would not think of erecting an expensive building without first having the funds wherefrom to complete the work. Suppose the bylaw does not carry, then what? Will the work be held up?
I am aware that someone will say we must build for the future, granted, but why the name of a common sense wasn't a city hall built twenty years ago when the cost would be about one-half of what it is now.

I as a taxpayer object most strenuously to the building until such time as the ratepayers have expressed their approval thereof. Would one do business for themselves this way? I doubt it. You know it is so very easy, Mr. Editor, to spend someone else's money, but borrowed funds have to be repaid; we have to depend on the product of the soil and prospects do not seem any too bright for the sale of much of our wheat to which we have grown this year: wouldn't it be the part of prudence to "hold our horses" and just see what is ahead.

I am afraid with all the good judgment exercised by our City Fathers they have forgotten the injunction of Micawber to David Copperfield: "My other piece of advice, Copperfield," said Mr. Micawber, "you know. Annual income twenty pounds, annual expenditure nineteen and six, result happiness. Annual income twenty pounds, annual expenditure twenty pounds ought and six, result misery. The blossom is blighted, the leaf is withered, the God of the gods goes down upon the dreary scene, and—in short you are forever flooded." This classic is just as true today as it was just one hundred years ago.

Let us make haste slowly, don't build until we have the funds, spend someone else's money just as cautiously as we would our own. Thank you, Mr. Editor, for the space.

Yours truly,

D. M. WOODHAMS.

Editor, The Courier: Westbank, B.C.
Dear Sir,—I have read with interest your editorials concerning the feasibility of a bridge across Okanagan Lake, and in reference to the one entitled "Depth of Lake" in the Courier for February 6, am sending you a quotation from an article appearing in the sixth report of the Okanagan Historical Society, written by James C. Agnew, C.E.

"... In 1911 the writer surveyed a cross-section of Okanagan Lake in two places for the telephone cable, one off the park at Kelowna and one between Carr's Landing and Flintry. At Kelowna the distance surveyed was 4,500 feet. The profile developed showed that for a distance of 1,500 feet out from the west shore the greatest depth reached was 34 feet. From this point east to within 1,300 feet from the Kelowna shore the depth was 43 feet. The soundings made here would indicate that the lake bottom has been raised by the breaking down of the land on the Indian Reserve on the west. This intrusion extends for 1,500 feet into the lake. On the east side the intrusion of the material brought down by Mission Creek extends for 1,300 feet over the lake bottom."

The fact that the rock juts out to form Sitwaka Point and indicates that the rock-bottom would not be very far down on the west side of the lake. Your suggestion that a bridge might span the lake from Bear Creek to Poplar Point and so miss the city of Kelowna is an excellent one, but whenever a bridge goes across Okanagan Lake I feel that it will be of immense advantage to the Valley as a whole. Yours very truly,

REMOVE BOTTLENECK

Westbank, B.C.

Editor, The Courier:

Dear Sir,—Congratulations on your recent editorials concerning a bridge across Okanagan Lake at Kelowna; a permanent solution to the bottlenecks and holdups Okanagan Valley residents are subjected to with only ferries to link Highway No. 5 at this point.

Members of our bowling league at Westbank have been kept waiting on the east side until the not so we small hours of the morning before we could get home, and while this gave us ample leisure to think of excuses for our tardiness, some of whom were enduring the martyrdom of baby-sitting at home, we really feel that such a poor link in a provincial highway is obsolete, and should become extinct at the first opportunity.

By all means build a bridge, and you may be sure Mr. Editor, that our organization, among many larger and more important ones, will be behind it 100 percent.

Yours truly,

C. MOSKIM

Sec. Westbank Bowling League

ENDORSES EDITORIAL

Editor, The Courier: Westbank, B.C.

Dear Sir,—I wholeheartedly endorse your fine editorials re a bridge from Westbank to Kelowna.

The Sitwaka Point location would be most convenient perhaps, but I think a crossing at the mouth of the O.K. Let it be built any place, just so long as we get a bridge.

Together with many others, I feel that a bridge across Okanagan Lake at Kelowna would be the making of the Okanagan Valley as a whole.

Yours truly,

W. ZELINSKY.

MERCY OF FERRIES

Editor, The Courier: Westbank, B.C.

Dear Sir,—Those of us who, like myself, have grown up in the Okanagan Valley, and hope to make it our home in future, are keenly interested in the editorials that have appeared in the Kelowna Courier regarding the feasibility of a bridge across Okanagan Lake at Kelowna.

I would like to express my appreciation for your support of such a project and to voice the hope that it will not be many years before Westbank residents can drive over the lake across a bridge instead of having to drive to the ferry, wait, and then wonder if they will let us aboard anyway.

There have been frequent occasions when the lineup was too great for all the vehicles to get aboard, and one never knows when that will happen again. Neither do we know when we shall get home from Kelowna so long as we are at the mercy of those ferries.

A bridge across the lake at Kelowna will make this valley worth staying in and will solve the bottleneck at the ferry which is growing worse every year.

Yours truly,

BRIAN DROUGHT.

BRIDGE THE GULF

Editor, The Courier: Westbank, B.C.

Dear Sir,—May I take this opportunity of endorsing the recent editorials appearing in your paper in support of the proposed bridge over Okanagan Lake?

It is unnecessary to go into the arguments in favor of this only real solution to the traffic problem of the Okanagan Valley as a whole; former letters have covered these adequately.

As a businessman on the west side of the lake I want to express my appreciation for your stand in favor of a bridge and to say that I am sure you are advocating the bridging of a gulf in our daily life, the east and west sides of the lake. Such a gulf will disappear with the building of a bridge and the Okanagan will benefit financially, not only among ourselves but by an influx of tourists as we have not seen heretofore.

Again, thanking you, and may the whole of our fair valley back the proposed bridge.

Yours very truly,

H. R. DROUGHT.

FOOD IN STORAGE

The care given fruits and vegetables in storage may be the deciding factor as to whether they retain their full food value or not. Fresh fruits and vegetables must be stored in a cool, dark place as bruises, warmth and light are harmful to them. They should be kept in storage until needed, with cutting and shredding left to the last possible moment.

Many thousands of Canadians are alive today because they were young when they were immunized against such diseases as smallpox, diphtheria and whooping cough. Immunization is effective in almost all cases. It is free at all health clinics and is practically painless.

Two Rural Areas Appoint Permanent Disaster Body

OKANAGAN CENTRE —

The February meeting of the Okanagan Centre Women's Institute, held last Thursday, was an outstanding one in the history of the organization.

The "feature roll call," one of the best books I have read recently, was especially interesting, the list ranging from Vincent Sherman's "Lead Kindly Light" through recent best sellers of biographical fiction and non-fiction, indicating a wide use of the union library.

Mrs. H. Glead, recently appointed convener of the agricultural department, gave a reading on "Okanagan Birds and their Relation to Agriculture" (in the Okanagan) by Eric Tait, and Mrs. Van Achren, representing the work of "Citizen's Ship" spoke briefly on a series of pamphlets issued by that department of the provincial government. They give wide and condensed information on the laws governing the country, mentioning especially laws for women and children and wills and testaments.

Joint Committee

Mrs. R. Brixton, who with Mrs. R. Brixton, had been appointed to act on the joint committee (Winfield and Okanagan Centre) for community relief in the case of the three families who recently lost their homes by fire, gave a report on the activities of that body.

A benefit dance has been organized, and will be held in the Winfield Memorial Hall tomorrow night. For Okanagan Centre district cash donations may be left at the G and M store. The proprietors of the store will also receive gifts of clothing and small articles such as fruit, vegetables, etc. Large articles, such as furniture, will be received at the packinghouses at both Winfield and the Centre, and will be distributed from there.

The committee, with C. Fallow as chairman, and Mr. McConbreay as secretary-treasurer, and a membership consisting of one from each of the various organizations in the two districts, has been made a permanent organization and can go into action immediately there is a disaster. The Institute named Mr. Crandlemire a member of that body and voted the sum of \$25 toward

the present relief fund.

Mrs. B. Cooney announced that she would receive and forward gifts of old spectacles to an organization which is making use of them and a large collection of used Christmas cards were turned in and will be forwarded to a firm in England for future use.

During the business session, permanent committees were announced as follows: In addition to the committee heads named before, Mrs. Evey and Mrs. Fewell were appointed on the social work committee; Mrs. Baker is convener of home economics, while Mrs. H. Glead and Mrs. Crandlemire will have charge of entertainment. A course in leathercraft was discussed and Mrs. Venables was asked to convene a committee to make necessary arrangements.

It was announced that Mrs. McLarty, of Summerland, will give a talk on the work of United Nations at the March meeting. Mrs. Goffie and Mrs. Reeve were hostesses during the social hour.

CANCER TALK GIVEN RUTLAND W.I. MEMBERS

RUTLAND—The Rutland Women's Institute regular monthly meeting was held in the community hall Thursday, of last week. A letter was read from the Women's Institute at Kingshorne, Herefordshire, thanking the local Institute for the Christmas parcel, and telling about the activities of their own institute.

These included aiding many youth activities in the English village, including the Boy Scout troop. The Rutland Institute agreed to pay a levy of 25c per member toward the cost of sending a B.C. delegate to Copenhagen for an international women's convention. The delegate is to be Mrs. East, of Kelowna. Reports were received from various committees. It was decided that a handicraft class should be started, the first meeting to be at the home of Mrs. A. W. Gray on

Feb. 15. The annual hospital card party was set for March 1, in the Community Hall. Mrs. Cross, the local president, and Mrs. George Muford were appointed delegates to the local emergency relief committee meeting. Speaker for the meeting was Miss Wallace, of Kelowna, public health nurse who spoke on the subject of "Cancer". She urged early diagnosis and treatment, and told of seven danger signals of possible cancer. At the close of the meeting refreshments with a St. Valentine's motif were served.

Pleading guilty by valuer, pedestrian Lena Pleym paid a fine of

\$250 into city police court Feb. 6 for crossing an intersection against a red light.

Weak, Tired, Nervous, Peppless Men, Women

Get Now Vim, Vigor, Vitality
Your body is weak, tired, nervous, peppyless if you are not getting enough of the vitamins in your diet. This is because the vitamins in your diet are being used up by your body. COLOR SYMPHONIES

Office-wise and busy, Miss Girl Friday keeps her boss well stacked in sharpened pencils and paper clips. She's efficient to a "T"—not like Dumb Doras in the funnies who make seven appointments for the same time. But along with keeping the boss relatively happy, what-to-wear often presents a large problem. Mademoiselle wants to look well-dressed, without being over-dressed; prepared to go right out after five for an evening of fun. Plenty of changes—that are chic and easy to care for—are her heart's desire, and this usually means separates, like suits and skirts, calling for an ample supply of blouses. But even blouses can fail to change an outfit, particularly, when the same colored blouse is teamed up with the same suit over and over again.

There's nothing neater than a white blouse, but after Christmas and birthdays many of us are apt to find ourselves with one too many. Of course, white goes with everything, but it doesn't always bring out the best in every suit. So, what does our career gal do? She's off to the nearest store and scans the wide selection of colors to be had for just a mere swish of dye and hot water. She thinks of the two blouses constantly linked with her gray suit. One was navy, the other pink. Now here, amid all the tints and dyes, there seemed to be a million possibilities—turquoise, orchid, fuchsia, old rose, purple, wine—and all would match gray perfectly.

I can't say which she picked, but I can insist that there are many like this Girl Friday. Their suits have "color"—a highly contagious, extremely wide-spread disease. Yet, there is nothing that quite rejuvenates an old reliable suit like changing the color blouse you wear with it.

This Spring the fashion pundits declare that pale colors, especially yellow, will be THE THING. Lucky us, "cause there's nothing simpler than tinting. In fact, if the tap water is hot, you could tint a white blouse pale green, champagne beige, or whatever you want. Dr. Zeman said four milk samples were collected from the two dairies. Reports on one pasteurizing plant have shown a slight increase again in the bacteria count and investigation, in co-operation with the department of agriculture inspector, G. D. Johnson, are continuing.

Inspection of restaurants during the month has revealed satisfactory conditions in most premises, Dr.

TUGS POLLUTE WATER, STATES HEALTH HEAD

Complaint that a potential health hazard exists in the vicinity of the intake valve of the domestic water system due to the fact C.P.R. tugs are continuing to discharge sewage into the lake while docked in Kelowna, was received by city council from Dr. Helen Zeman, medical health officer.

Dr. Zeman said a check on tug boats at dock in Kelowna has revealed that instructions issued to the C.P.R. with regard to sewage discharge are not being complied with.

"Toilets are still not locked and are being used while the tugs are at dock. The potential health hazard resulting from such practice was again pointed out to the crew of the boat," Dr. Zeman said.

"Contamination was evidenced in the Kelowna domestic supply during the month of December when two positive samples were reported at a time when the chlorinator was temporarily out of commission. Inasmuch as this matter comes under jurisdiction of the national department of health and welfare, a letter was sent to A. H. Perry at Vancouver, again pointing out the violation of regulations," the medical health officer declared.

Dealing with milk, Dr. Zeman said four milk samples were collected from the two dairies. Reports on one pasteurizing plant have shown a slight increase again in the bacteria count and investigation, in co-operation with the department of agriculture inspector, G. D. Johnson, are continuing.

Inspection of restaurants during the month has revealed satisfactory conditions in most premises, Dr.

Zeman said. Education of restaurant employees in proper food handling methods is continuing with film showings of various aspects of the operations.

Commenting on general sanitation, Dr. Zeman said:

"Re-inspection of a rooming house premises, under suspension of license, has revealed that the operator has closed up that part of his business and plans are contemplated by the owner on a complete rebuilding job."

"The operator of the bakery premises, under suspension of a license, has carried out some improvements but as yet conditions have not been improved to the point where approval for licensing can be granted."

"Inspection of butcher shops and retail stores has revealed some inadequacy in proper hand-washing facilities. The importance of this item was stressed as very necessary in food-handling establishments. The use of single serve towels in place of a common towel was recommended to the operators."

"Two complaints were investigated regarding fumes and odors resulting from rendering of lard in butcher shops in town. This practice is contrary to the health act, being listed as a nuisance trade. Investigation as to the extent and volume is being checked and action will be taken as deemed necessary."

"It has come to our attention that some individuals have been using milk bottles for storing of questionable substances. These milk bottles are being returned to the dairy in an unwashed state and it is difficult to determine the nature of the substance and therefore the health hazard involved. We would therefore, ask the co-operation of the public to refrain from using these bottles for purposes other than those for which they are intended and to return them in a reasonably clean condition."

"Considerable trouble is being experienced at the sewage plant with ice forming on the top of the filter beds and also on top of the Imhoff tanks. The operators are able to keep the effluent running through

the filter beds by opening the gate valves, on the ends of the rotating arms. The ice on the top of the tanks is being removed by hand. Inasmuch as this trouble is being experienced more on windy days, it is felt that possibly a windbreak may help to overcome this condition to some extent, at least as far as the filters are concerned."

EVERYBODY'S BUSINESS

by Don Graham

Have you ever felt that you had reached the "end of your rope"? Most of us have this experience at least once in a lifetime—perhaps after working long at a seemingly impossible task, or finding ourselves in a serious predicament. So it is a good thing to remember that we have within ourselves extra reserves which can carry us through many a crisis.

There is plenty of evidence to prove this fact. Countless stories of heroism reveal the human capacity to endure unbelievable stress, hardship and pain. More than one victim of a disaster at sea, struggling in icy water, felt sure that he wouldn't survive for five minutes. Yet many hours later he was still hanging on and thus lived to be rescued.

Such endurance may be demonstrated not only in connection with physical trials, but also those which are mental and emotional. And if you can keep hanging on, perhaps for even just a little while longer, the success or relief you seek will be yours!

In short, there is a whole world of truth in the old saying: "It's always darkest just before the dawn."

No family need endure hardship in the event that its breadwinner dies. Life insurance puts within reach of every father the means to provide for all their needs, as well as for his own retirement income.

The Milk that Keeps!

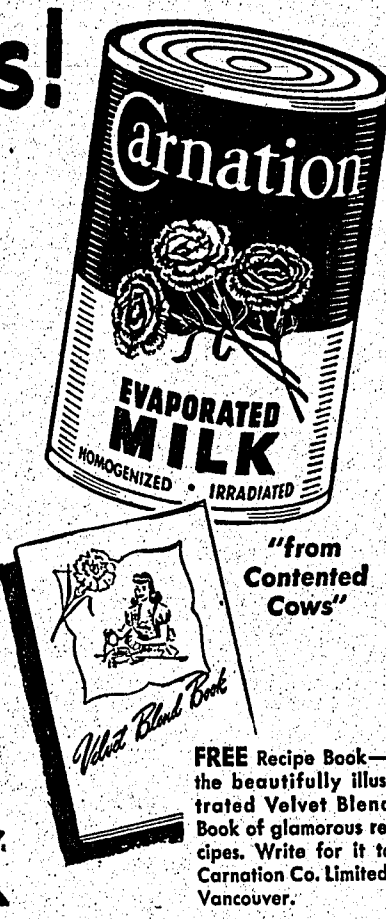

Sterilized in the sealed can, Carnation Evaporated Milk keeps indefinitely, unopened. Even on the kitchen shelf, Carnation is still sweet and fresh days after opening. Keeps much longer than you would expect.

Carnation undiluted, economically replaces cream for whipping, coffee, cereals, cream recipes.

Carnation diluted 50-50 with water, gives you better, safer milk for any milk use. Compare Carnation with any evaporated milk.

Kelowna In Bygone Days

From the Files of The Kelowna Courier

ONE YEAR AGO
Thursday, February 10, 1949
Kelowna Board of Trade has submitted a brief to the Provincial Government urging the immediate construction of a provincial building in Kelowna to house all government departments.

Plans for a new addition to the Kelowna General Hospital now are being drawn up by the board of directors.

A 72-year-old recluse, Jacob Gerig, who came to this district less than a year ago from the prairies, was found dead in his shack on the Swamp road. It was reportedly reported he left an estate worth \$30,000.

Okanagan Mission school was completely destroyed by fire of undetermined origin Friday morning. Incendiary was suspected in the \$25,000 loss.

Temperatures during the month of January rose above the freezing point only on three occasions.

Vernon currently is leading the senior B hockey league by one point over Kamloops with Kelowna seven points off the pace. Cliff Mills of Kamloops leads the scoring race with 29 points, three more than runner-up Ken Stewart of Kelowna.

TEN YEARS AGO
Thursday, February 8, 1940
Eight companies and four individuals on Wednesday were committed for trial on the fruit combine charges. Police Magistrate T. F. McWilliams, who conducted the preliminary hearing here, set bail at \$5,000 for the four men—A. C. Lander, R. B. Staples, W. P. Riley and Alexander McCallum.

Railways have agreed to reduce freight rates on apple shipments to eastern Canada but rates to the prairies will remain the same.

Moisture depth in the Kelowna hills is considerably below average.

East Kelowna's new community hall was opened Friday night with a novelty dance attended by over 300 people.

With the Yale Liberal nominating convention less than a week away, speculation is rife on who will be the next standard-bearer. Most prominently mentioned are W. R. Powell, Summerland's reeve; Charles Oliver, Penticton; Reeve W. G. Wilkins, Penticton; A. W. Gray, Rutland; F. Guimont, Osoyoos; and Thomas McAstocker, all of Penticton, and Reid Johnston of Summerland.

TWENTY YEARS AGO
Thursday, February 6, 1930
Fears are expressed for the safety of Ed McDougall and his sister, both of Westbank, who have been missing since Friday. There is a possibility they may have tried to walk across the frozen lake and fell in.

Okanagan irrigations will be required to pay irrigation charges for 1929 and 1930 according to their ability to pay as determined by their payments over the last decade.

The Sicamous now is able to proceed on the near ice-bound lake as far south as Summerland.

In a raid in Chinatown, nine Chinese were arrested by police charged with being inmates in a gambling house.

THIRTY YEARS AGO
Thursday, February 12, 1920
John A. Mara, M.P. for Yale from 1888 to 1906, died in Victoria this week.

Board of trade of British Columbia are planning a provincial convention in Vancouver.

R. H. Brown was elected president of the local division of the B.C. Honey Producers Association at its inaugural meeting. H. B. D. Layton is vice-president and P. T. Dunn secretary-treasurer.

Some 400 veterans attended the reunion at Kamloops of the 172nd Battalion on Wednesday and Thursday last week.

The casting vote of the president carried a motion at a meeting of

the Women's Institute that the provincial government be petitioned for province-wide daylight saving time.

FORTY YEARS AGO
Thursday, February 3, 1910
R. A. Copeland's rink won the finals of the first tournament yesterday, defeating S. T. Elliott's rink by 12 to 3. Members were: C. Newby, J. J. Campbell, W. Glenn and R. A. Copeland, skip; G. Dickson, G. C. Rose, H. Johnston and S. T. Elliott, skip.

Yesterday morning, shortly after 11 o'clock, the fire brigade responded smartly to the whistle, but hardly had they appeared on the street, dragging the hose reel, than they found the chimney blaze at Lawson's had been extinguished.

Rev. S. J. Thompson has organized a local council of the Royal Temperance Society.

Total value of buildings erected during 1949 has been estimated at \$105,525.

All employees of the water and light department have received one month's notice from the City Council, with the proviso that they may be re-engaged. The move is one intended for economy, Alderman

Annual Peachland Fair Will Be Held August 31

PEACHLAND—A Valentine tea was held in conjunction with the regular monthly meeting of the Peachland Women's Institute in the Community Hall.

After a summary of the judge's report on the 1949 fall fair was read, it was decided that this year's event will be held on August 31. The report contained some constructive criticism, and suggested ways and means of improving the annual fair.

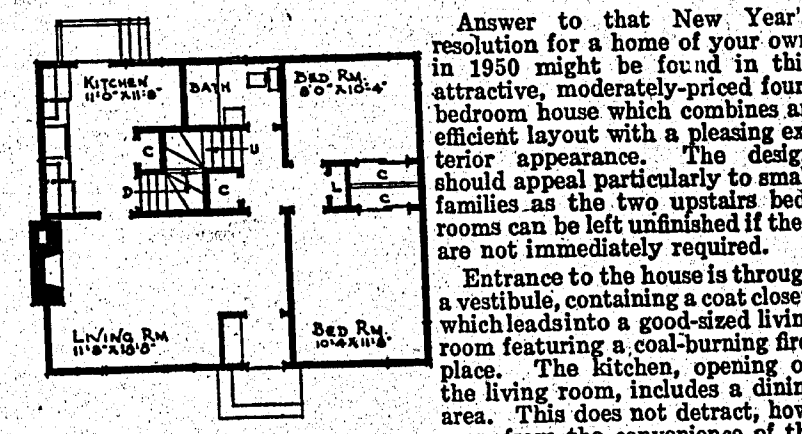

The meeting was also highlighted by the election of five new convener. They include: Mrs. J. Cameron, agriculture; Mrs. F. J. Gaynor, citizenship and better schools; Mrs. F. E. Witt, industries and handicraft; Mrs. A. Smalls, cenotaph, and Mrs. G. W. Munro, social welfare.

The monthly W.I. news letter was read, and it was revealed a total of \$543 had been donated toward the expenses of Mrs. J. H. East, who is going as a delegate to the convention which will be held this year in Copenhagen.

Card Parties
A letter was received from the Auxiliary to the Kelowna General Hospital, requesting help for new kitchen equipment, and it was decided to hold a number of card parties in private homes in an effort to raise money. Those offering their homes included Mrs. L. Ayres, Mrs. A. McKay, Mrs. C. T. Redstone, Mrs. F. E. Witt, Mrs. A. E. Miller and Mrs. K. Doml.

A canvass will be made of the district in aid of the arthritis society. Quota for Peachland is \$50, and women who volunteered to make the canvass include Mrs. J. Cameron, Mrs. J. A. Stump, Mrs. L.

N.H.A. DESIGN-OF-THE-MONTH

Answer to that New Year's resolution for a home of your own in 1950 might be found in this attractive, moderately-priced four-bedroom house which combines an efficient layout with a pleasing exterior appearance. The design should appeal particularly to small families as the two upstairs bedrooms can be left unfinished if they are not immediately required.

Entrance to the house is through a vestibule, containing a coat closet, which leads into a good-sized living room featuring a coal-burning fireplace. The kitchen, opening off the living room, includes a dining area. This does not detract, however, from the convenience of the well-planned work area.

Plenty of closet space is assured in this house which has six closets located on the ground floor and four upstairs. There is also a liberal window area, highlighted by the large living room window.

Area of the house, for estimating purposes, is 1,129 square feet and the outside dimensions are 30 feet by 24 feet four inches. While the Ottawa owner of the house illustrated has used brick veneer, any other exterior finish material would be suitable. A small gable has been added over the front door.

Complete working drawings for this house, known as Design 50-44, are available from any office of Central Mortgage and Housing Corporation at minimum cost.

Glenmore Council Names Various Committee Heads

GLENMORE—At the court of revision held February 8 in the board room, two houses received small adjustments in their valuation and an appeal was received from the C.N.R. on the assessment of the track. The appeal was on three counts, and on one count they received an adjustment and on the

other two counts no adjustment was allowed.

A meeting of the council was held immediately afterwards and the committees were appointed as follows:

Health and garbage, S. Pearson, and F. Sutton; water works, P. R. Mowbray and F. Sutton; roads and ditches, L. E. Marshall and S. Pearson.

The question of the power of the council to make a grant to the school board for an activity room was discussed and referred to a committee for further consideration.

It was decided to increase the grant to the health unit to cover the preventive dental program, providing the city of Kelowna does likewise.

Tenders are being called for the \$13,000 new issue of debentures for school purposes to be opened March 14.

Miss Nita Anderson, who has been a guest at the home of Mr. and Mrs. Guy Reed during the fall and winter, left a week ago Monday for her home at Sidney, Vancouver Island.

Harold Guet has returned from Vancouver where he attended a convention of the Manufacturers Life Underwriters Association.

Mr. and Mrs. Craig Brodie have moved into their new home at Bankhead which was formerly owned by Mr. and Mrs. Roy Henderson.

The play reading group held its regular meeting February 8, at the home of Mr. L. West. The next meeting is to be at Mrs. S. Pearson's home February 22.

There were three tables of bridge at a card party held at the home of Mrs. Guy Reed on Wednesday of last week. On Monday evening, Mrs. A. E. Graves had two tables of bridge with Mrs. Ted Hardy winning first prize and Mrs. Cecil Hardy the consolation prize. Both parties were held in aid of the Community Club funds.

The Glenmore Circle of the United Church held a meeting at Mrs. R. Child's home on Monday evening with about ten members present. The next meeting is to be held at Mrs. L. E. Marshall's residence on March 27.

Sixty-four veterans' hospitals and sanatoria are supplied with 8,000 free movie showings yearly by the Canadian Red Cross Society.

"PEACE" TOPIC FOR DISCUSSION BY PTA MEMBERS

Open to the public, the P.T.A. sponsored citizens forum will be held this evening at the Junior High School auditorium when the topic "Peace" will be discussed by those present.

Starting sharp at 8 o'clock the forum will deal with two main questions revolving around world peace. Those present will be divid-

ed into small discussion groups giving everyone the opportunity of airing his or her opinion. Questions presented for discussion are: Five main approaches to world peace have been mentioned, United Nations, World Government, regional alliances and defence measures, economic measures and educational and spiritual approach. 1. Which two do you consider most hopeful and most practical—give reasons. 2. Which two do you regard as the least practical and least likely to succeed—why?

Mrs. A. H. Hooper Again Heads Mary Ellen Boyce Chapter

Highlighting the general annual meeting of the Mary Ellen Boyce chapter, I.O.D.E. was the re-election of Mrs. A. H. Hooper as regent of the chapter for the second consecutive year. The meeting was held at the Okanagan Mission home of Mrs. Earl Wilson.

Mrs. A. Clinton was named first vice-regent, while Mrs. A. Lansdowne was elected second vice-regent. Mrs. Earl Wilson was appointed secretary and Miss B. Thompson, treasurer. Other officers chosen were Mrs. William Sanborn, educational secretary; Mrs. B. Wallace ex-service personnel; Mrs. L. Hooper, standard bearer, and Mrs. R. Brown, child and family welfare. Mrs. Lansdowne will incorporate the work of Echoes secretary with her other duties.

Reports on the year's activities of the chapter followed the election of officers. Reporting on the educational program of the chapter Mrs. Sanborn stated that two parcels had been sent to the adopted school at Fort Nelson, one in September and the other at Christmas. Calendars had also been placed in each schoolroom in the outlying districts and the sum of \$50 had been donated to the Student Assistance Fund. The sum of \$5 was sent to assist a student at Langley Prairie.

Mrs. Phipps, as film convener, reported that she had attended all local film previews throughout the year and one showing of films had been held by the chapter. The sum of \$5 was sent to the local film council and \$1 to the national I.O.D.E. film council.

Nursery Bags

Parcels were sent throughout the year to an elderly veteran of World War I at Shaughnessy Hospital. Members also assisted the White Cane Club activities and a \$10 donation was sent to the Canadian Institute for the Blind.

A number of nursery bags were made by the chapter members last year, filled and then sent to the Children's Hospital. Also included among the chapter's welfare work was its assistance to the David Lloyd-Jones Home when the sum of \$50 was donated to buy kitchen equipment. Two ten pound parcels were sent monthly to two elderly ladies in England, the members donating food for these parcels.

Spotlighting summer activities Mary Ellen Boyce chapter members sponsored a tea and light refreshment booth in the park during the Regatta with its net proceeds of \$15 going toward the David Lloyd-Jones Home. Members also assisted the Sea Cadet Auxiliary with a rummage sale in October.

Other Donations

Other donations made during the year by the chapter included a \$25 donation to the Conquer Cancer Fund; \$25 to the Jessie Burke Provincial Cancer stamp fund; \$25 to the South Okanagan Health Unit; \$25 to the Crippleage; \$10 to the local ambulance fund; \$10 to the local Girl Guide Association; \$10 to the Salvation Army Red Shield Fund; \$5 to the health clinic; \$19 to the hospital kitchen fund; \$19 to buy rose bushes to be sent from Chilliwack to Newfoundlands where similar bushes sent from each chapter in the province will make a rose garden in honor of that island becoming the tenth province.

Representing the chapter at various functions throughout the year Miss B. Thompson was a delegate at the provincial convention held in Vancouver last April, while Mrs. A.

FROM THE COAST... Mr. and Mrs. A. B. Kincaid, of Vancouver, are holidaying in this city guests at the Royal Anne.

ALSO REGISTERED at the Royal Anne are Mr. C. S. Coombe, of Winnipeg; Dr. A. M. Evans, of Vancouver; Mr. Henry Whitaker, Victoria; Mr. S. K. Lewis, Hamilton, Ont.; Mr. R. H. Coldridge, White Rock, and Mrs. W. S. Wilson, Miss Iris Wilson and Mr. Tom Clarke, all of Kamloops.

ATTENDS SKI MEET... Miss Elva Baldock returned to this city Sunday night from Revelstoke where she attended the ski meet Sunday afternoon.

'Round the Town

By JOAN GRIMMETT

Rehearsals are in full swing for the brilliant ice extravaganza to be staged a week this Saturday at the Memorial Arena by members of the local Figure Skating Club. Flashing blades, fabulous costumes and scintillating music will add excitement and color to this gala fantasy.

Spotlighting the affair is a flower garden scene featuring over 100 local skaters. Tiny pre-school tots in fluffy flower costumes will dot the ice, while graceful seniors will leap and whirl in intricate routines. Guest stars at the show will include members of the Vernon Figure Skating Club and feature the brilliant soloist Joe Demorr.

Local stars highlighting in solo numbers will include Marilyn McGregor, Joyce Reinhold and Dorothy Longden.

Producing the ice frolic are Mrs. N. Van der Vliet and Mrs. R. B. McKay, both local skating enthusiasts. As rehearsals progress, both producers are skillfully training over 100 skaters featured in the show, promising to make it one of the most colorful events staged in this city.

All proceeds from the ice fantasy will be earmarked for engaging a professional ice-skater who will teach youngsters in this city, training them in the techniques of figure skating.

SPRING FASHIONS

With "Ice Frolics" climaxed winter activities in the entertainment world of this city, spring is clearly on its way. Valentine's, the season of hearts and flowers, has come and gone and Easter, with its lovely flowered bunnies and soft spring suits, is not far off.

Classically slim gabardine smoothly tailored in the softest pastels still proves tops with women choosing their new spring suits. Apple green, soft turquoise, blues and heavenly pink create a flower garden atmosphere in spring colors. The very latest touch is to fasten the jacket at the neckline with a rose... very appealing and a touch of spring.

Lovely little straws in matching tones, flower laden or charming in their simplicity, add the final touch to your spring ensemble. Snowy white, a foretaste of summer, also proves as popular as the soft pinks, greens and golds of early spring.

LOVE THOSE TWEEDS

Rating high in popularity for her spring ensemble is the beautifully molded imported tweed suit. Every woman loves the soft texture of wool in exquisite colors, in jaunty shepherd's check or smart glenn plaid. Here fashion dictates the suit be impeccable, tailored on smooth classic lines or with a belted jacket topping a pencil slim

GIRL GUIDE "COOKIE WEEK" BEING PLANNED

EAST KELOWNA—The Girl Guides committee held their monthly meeting at the home of Mrs. R. A. Wilmeyer on Wednesday of last week. The minutes were read by the secretary and the financial report presented. Mrs. H. Hewlett read a letter from the assistant superintendent of the Queen Alexandra solarium, thanking the Girl Guides for the gift of dolls sent to the children for Christmas. Mrs. R. Smith was appointed badge secretary. The Girl Guide cookie week was discussed and the quantity to be sold in the district was decided upon.

The secretary read a letter from Mrs. H. W. Arbuckle, district commissioner, who is at present on holiday in Toronto, wishing our Guides and Brownies a very happy season. Mrs. H. Hewlett reported on the Guide activities and Mrs. W. Hince gave a report on the Brownies' sale of work held in December. During the cold weather both Guide and Brownie meetings were cancelled.

A pre-Easter Fashion Show is being planned in the Community Hall on Saturday evening, March 25. Refreshments will be served and a dance will follow. Further details will be announced later. Afternoon tea was served by the hostess.

The Parish Guild held a card party in the Community Hall on Friday last. There were seven tables of whist with the highest scores held by the following: Ladies' first, Mrs. Francis, of Kelowna; second, Mrs. Dreger; consolation, Mrs. H. A. Porter. Gent's first, C. Luman, second, J. S. Ferguson; consolation, G. Sherman. Refreshments were served by the ladies.

Miss C. Fairbank, of Kelowna, shades are being introduced to harmonize with the wide range of fresh spring colors in suits and dresses alike. Two of these new spring shades are "Rapture" and "Maple Sugar"...

alone bringing a wonderful taste of spring. Another spring foot-note is simplicity in shoe styles. Exciting navy, rich brown, sophisticated black and the wealth of new spring shades of red and green, taupe and gold, are fashioned on clean-cut lines. Heels are not too high to provide pleasant and comfortable walking during the heavenly spring weather to come.

Smoothly tailored straws or jaunty little felts in gay contrasting shades add a touch of spring. Stockings too in much lighter

was a week-end guest at the home of Mrs. W. Hince. Miss Fairbank left Monday for a two weeks' stay in Calgary.

Mrs. J. E. Elvedahl, who has been

a patient in the Kelowna General hospital for the past two weeks, is recuperating at home.

They're amazing good Made with Amazing New Fast DRY Yeast!

JELLY BUNS

Measure into small bowl, 1 c. lukewarm water, 2 tps. granulated sugar; stir until sugar is dissolved. Sprinkle with 2 envelopes Fleischmann's Royal Fast Rising Dry Yeast. Let stand 10 min., THEN stir well. Cream 3/4 c. shortening; gradually blend in 1 c. granulated sugar, 2 tps. salt, 1 tsp. grated nutmeg. Gradually beat in 2 well-beaten eggs. Stir in 1/2 tsp. lemon extract, 1/2 c. milk which has been scalded and cooled to lukewarm, and yeast mixture. Stir in 3 c. once-sifted bread flour; beat until smooth. Work in 3 c. more once-sifted bread flour. Knead until smooth and elastic; place in greased bowl and brush top with melted butter or shortening. Cover and set in warm place, free from draft. Let rise until doubled in bulk. Punch down dough and cut into 36 equal portions; knead into smooth balls. Brush with melted butter or margarine and arrange 1/2" apart on greased baking pans. Cover and let rise until doubled in bulk. Twist the handle of a knife in the top of each roll to form an indentation; fill with jelly. Cover and let rise 15 min. Bake in moderately hot oven, 375°, about 18 min.

● No more disappointments because the yeast has spoiled! Fleischmann's Fast DRY Yeast replaces old-fashioned perishable yeast because it keeps fresh and full strength—right in your cupboard! For fast-rising dough and grand oven results get Fleischmann's Fast DRY Yeast to-day!

T.B. SEAL DRIVE NETS \$1,331.91

Annual T. B. Christmas Seal campaign netted the sum of \$1,331.91, Mrs. A. H. Hooper, seal sale convener, revealed this week.

Sold throughout the city since before Christmas, the seal campaign was under the sponsorship of the Mary Ellen Boyce chapter, I.O.D.E. All proceeds from the sale of these T.B. seals will go towards fighting the disease by equipping and financing the mobile T.B. X-ray clinics that tour the province annually.

WILSON'S LANDING

WILSON LANDING—During the severe weather the deer are being driven down from the hills by the coyotes and as they cannot run on the ice, become easy prey.

Mr. S. M. Lee recently spent a week-end here, being joined by Mr. P. Rankin. During their hunting trips they accounted for a wild cat and several coyotes.

Much gratitude over the change of weather is noted here. With roads in the condition they have been it has been difficult to get supplies, let alone get on with ordinary farm work.

What's New at Heather's?

By MIL CRITTENDEN

NEW PRINTS AT HEATHER'S—then robes... then spring! That's the happy sequence that Kelowna women have come to expect. And that's why these spring new arrivals are causing such a furore! Delightful styles in blithe colors—they're as much a sign of spring as a pastel postcard, and every bit as welcome!

Designs that are stopping the most traffic and getting most "oh and ah" comment are the dramatic two-piece ensembles—most of them combining print-with-plain and achieving that coveted costume look.

MOST EYE-CATCHING OUTFIT OF ALL, FERRARIS is the black and white print topped with a flaming red jacket. The dress, in a soft silky crepe, is one of those sharply etched prints, as starkly black and white as the ivory keys of a piano! Cut in a simple, cap-sleeve style, it's narrowly piped in red and accented with a shiny patent belt. Over this, in stunning contrast, goes a short flaring jacket in bright lipstick red. The skirt is slim and straight as a new pencil... the jacket full, flared and brief as an exclamation point! An exciting costume that will command attention wherever you wear it! Yours for \$5.00.

ANOTHER NEWSWORTHY COSTUME is the vivid two-piece ensemble in navy, white and scarlet. Slim skirt in navy crepe with top of crisp taffeta in navy and white. Capped sleeves, a line carried exclusively by Heather's in Kelowna. It's one of those truly wonderful two-way costumes that seem to double your wardrobe. Versatile, strategic, a capsule wardrobe in itself. A sound investment at \$5.00.

For you who adhere to the everlasting chic of simplicity, a one-piece dress with the "costume look." Taffeta top in the tiniest navy and white pin checks has shirtdress collar, rounded shoulders and deep but sleeves. Narrow skirt in navy crepe. A bright red carnation at the lapel captures the very spirit of spring. Priced at \$5.00.

LIGHTHEARTED MARGINEERS OF SPRING! A whole new flock of saucy, sun-kissed straws in lively colors—crimson, spice or bright navy. These are more of those fast-selling Piko hats, a line carried exclusively by Heather's in Kelowna. Styled with the young, young look of the "little girl, cloche," they foretell another season of tiny, head-hugging hats. And look at these diminutive prices—just \$3.95 and 60¢!

IT'S ALWAYS GOOD NEWS when Heather's gets a shipment of genuine Dixon coats. As flawless as cut as a naval officer's, they're tailored within an inch of their lives in rain-resistant all wool gabardine. Choose from two styles—double breasted with belt, or single breasted with fly front. Both with the ever-popular raglan sleeves and smooth shoulders. A coat to wear rain-or-shine, three seasons of the year. An absolutely top-notch value at \$49.95.

Nurses Plan Annual Parley In Orchard City April 13-14

For the first time in its thirty-eight years of existence, the Registered Nurses Association will hold its annual meeting in the Interior, choosing Kelowna as convention headquarters. The conference will be held from April 13 to April 15 in the Canadian Legion auditorium.

Pre-convention day of educational program proved so popular last year that similar plan is being made for this year's meeting. More definite information regarding the program will be released at a later date.

Arrangements for the three-day conference are being handled by a committee headed by Miss Marion Davies, assisted by Mrs. H. M. Trueman, and Miss Sheila Blackie. Miss H. Empey heads a committee in charge of advertising, while Miss Laura Lee is convening the edu-

cational program committee. The latter will be assisted by Miss Irene Wallace and Mrs. Jack Chambers. The three-day parley will feature an educational program where problems within the nursing profession will be discussed and reviewed. Any nurse with a problem is urged to send her problem into Miss Laura Lee at the Kelowna General Hospital. On the opening night, members of the local chapter, R.N.A.B.C., will be hostesses at a reception for the delegates and guests at the Willow Inn.

Most of the business will be discussed on April 14. Spotlights on the social side, is the banquet to be held Friday evening at the Legion Hall. Plans are also underway to hold a luncheon Saturday noon also at the Legion Hall.

LADY GOLFERS PLAN PARLEY FEBRUARY 24

Herding the approach of another golfing season, members of the ladies section, Kelowna Golf Club will hold their annual meeting on Friday evening, February 24, at the B.C. Tree Fruits board room. Starting sharp at 8 o'clock the meeting will feature election of officers for the coming year and will highlight reports on the past year's activities. Retiring chairman, Mrs. Harold Johnston, will preside over the meeting.

In the sphere of women

Valentine's Day, traditionally the season of hearts and flowers, saw the staging of a gala Valentine's dance at the Orchard City Social Club Tuesday evening. Approximately eighty couples celebrated the festive occasion dancing to the music of the club orchestra under the direction of Bert Patten.

Trying out something new in social circles in this city, members of the Orchard City Social Club are planning on staging a gala masquerade party next Tuesday evening. Pirates, dancing girls, grass-skirted Hawaiian beauties and a score of other colorful costume-party characters will be spotlighted throughout the evening. Once again Bert Patten and the club orchestra will provide musical entertainment.

AT THE COAST... Mrs. Jack Horn is visiting in Vancouver where she is Kelowna representative at the provincial Red Cross conference being held this week. Mrs. Horn will return here over the week-end.

VALENTINE PARTY... In honor of St. Valentine's Day Mr. and Mrs. Carl Schuck entertained last Tuesday evening at their home. Included among the guests were Mr. and Mrs. G. Meekling, Mr. and Mrs. L. R. Dooley, Mr. and Mrs. Jack Simpson, Mr. and Mrs. R. D. Scott, Mr. and Mrs. Andy Reid, and Mr. and Mrs. Tom Cheevers. Mr. Cheevers was also celebrating his birthday.

HL-Y CONFERENCE... Six representatives of the girls' HL-Y Club here will travel to the coast next Thursday evening to attend the annual provincial HL-Y conference to be held February 24, 25 and 26, in Vancouver. Kelowna representatives include Misses Fran Drake, Mary Cameron, Gerlie Kurtz, Jill Cookson, Margaret Heitzmann and Josephine Jantz, the latter president of the local group.

FROM THE SOUTH... Mr. and Mrs. O. M. Wilnot accompanied by Mr. and Mrs. Russell Hansen, all of Moses Lake, Wash., were visiting in this city last week-end guests at Ellis Lodge.

HOLIDAYING HERE... Miss Mary Gerstel and Miss Lillian Roth, of Osoyoos, recently spent a few days holidaying in this city guests at Ellis Lodge. Also visiting at Ellis Lodge during their stay here were Mr. and Mrs. C. C. Clarence, of Vancouver.

INCLUDED AMONG THOSE registered at Ellis Lodge are Phil Allen, Dean F. Egbert and J. D. Manley, of Vancouver; I. R. MacKenzie, of Vernon; W. R. Edmondson, of Winnipeg; R. T. Johnson and J. H. Haughton, Penticton.

Dr. V. St. John, of Campbell River, is a guest at the Willow Inn.

OTHER WILLOW INN guests include E. Siens and E. Seifon, both of Penticton, who have been visiting here for some time.

VICTORIA BOUND... Mr. and Mrs. R. H. Wilson motored to Victoria last Sunday to visit the former's mother who is very ill.

TRANSFERRED... Mr. H. C. Manning, a relief officer with the Canadian customs, has been transferred to Vancouver and will take over his duties there on May 1. Mrs. Manning and their two children, Frances and David, will accompany Mr. Manning to the coast.

LISTENING GROUP... Members of the Kelowna Listening Club will gather at the home of Mr. and Mrs. H. G. M. Gardner, 732 Sutherland, Monday evening at 8 o'clock to hear a program highlighting the music of Edward Grieg. Spotlights on the program will be Greig's Piano Concerto in A Minor.

SOUTH KELOWNA... A highly successful whist drive was held at the South Kelowna school last Saturday with five tables present. Ladies first prize was awarded to Mrs. D. Burke, while T. Matter claimed the men's first. Consolation prizes were presented to Miss Joan Tanaka and D. Burke. Mrs. F. Whinston was hostess at the P.T.A. sponsored drive.

MOTOR NORTH... Motoring to Revelstoke last Sunday to attend the ski meet Miss Bunny Tuddenham, Miss Dot West, Miss Mary Jenaway, Miss Nina Pifford, Alan Barnes, Ingver Morris and Bill Franco returned to this city late Sunday evening.

RETURNS HOME... Miss Joyce Baten left yesterday for her home in Fleming, Saskatchewan, after spending an extended visit in this city, guest of her brother-in-law and sister Mr. and Mrs. George Hough, Martin Avenue. In honor of her departure Mrs. Bob Cunningham entertained informally last Saturday evening.

BENVOULIN

BENVOULIN—Mr. W. Hamill, who has been a patient in the Kelowna General hospital, is making good progress to recovery.

Mr. S. Seizler has sold his property and moved into Kelowna.

Mr. M. Johnson returned from the coast on Monday.

Miss Kay Bohnen, of Vernon, was the guest of Kathleen Johnson last week. Both girls left for Vancouver on Friday where they will join the staff of St. Paul's hospital.

P.T.A. Discussion Groups Are Held At High School

"Our ideal is a state of society in which every member has reached the highest physical, social and moral development of which he is capable," Mrs. H. Thorlakson declared in her Founder's Day address to the members of the Parent-Teacher Association last Monday evening.

"When old and young study how to make their working hours more productive and their leisure hours more truly satisfying, when they put the common health and welfare above individual greed, when they forget their differences and work for the common good, then will the ideals of our founders be realized," Mrs. Thorlakson stated.

Tracing the history of the home and school movement since its inception, Mrs. Thorlakson pointed out that the first P.T.A. in this province was started at Craigflower School outside Victoria. The first Parent-Teacher Association in this city was founded in 1922. All ten provinces are organized provincially and belong to the national federation. An International Federation was started in 1927 but became inactive during the war. British Columbia is still the only province that has border conferences.

Thorlakson explained that the P.T.A. was based on the assumption that "all children are our children" and the realization that wherever there is a child brought up in poverty and discord, this child is a potential menace to the peace and progress of the world. "It is therefore the aim of this movement to work for the physical and mental health of all children," Mrs. Thorlakson continued. She stated that there are five million members of the P.T.A. in the United States and 140,000 in Canada, while in B.C. there are over 30,000 members.

Following Mrs. Thorlakson's address, the large number of teachers and parents present at the meeting were divided into three groups representing the three schools. Mr. E. Greenaway, vice-principal of the junior high school, spoke to the corresponding group under the leadership of Mrs. A. E. Tucker. Pointing out that in diagnosing the child we must first deal with the problems of the child, Mr. Greenaway explained that laziness, inattention, lack of concentration, dislike of the school, the clever child, maladjustment and truancy were among the problems encountered.

"In diagnosing these children," he continued, "we study their school history, medical history, their I.Q., councillor's report, report cards to the parents and we interview each child individually. Our method of treatment is medical, social, changing, extra coaching, giving the bright child responsibilities and other careful remedies. We only use the strap as a last resort." Mrs. Gil Mervyn, vice-principal of the junior high school, introduced the teachers and parents. Among the events scheduled for this month is the St. Patrick's Day tea when mothers of all Grade VIII pupils will be invited to visit the school, and meet the teachers. Arrangements are also being made to build up the school library, to line the curtains in the auditorium and to inaugurate a lunch program. Doug Gilmore, vocational guidance teacher, led a lively discussion

FASHION FIRST

Slim suit and matching topper, modelled by Mrs. T. J. O'Flaherty, popular young Kelowna matron. Nancy, who is active in the Aquatic Club and service organizations, is shown in a chic three-piece ensemble in black-and-white Shepherd's checks. Three-piece, \$4.50 at FASHION FIRST.

THE WELL SPENT DOLLAR—that's the theme of the February Harper's Bazaar. It's fun to hear the fashion authorities get right down to earth and talk about a sordid thing like money—money and the well-dressed woman. Here's their annual issue on the subject—190 glossy pages crammed with fashions at a sound price. News for those with a "champagne taste but a beer pocket-book" or for those who merely like to keep a canny eye on the budget.

We love to hear their words of wisdom on how to stretch your fashion dollar, for we at FASHION FIRST have long based our policy on the very principles they advocate. We choose lines that give you more for your money, more style, more value sewn into every seam, more wear and mileage in every garment. We cater to the woman who knows fashion and who understands value.

To quote Harper's Bazaar—"Separates are your best buy." "For the woman who must make her money go a long way, there is no better buy than 'separates.' They give her her money's worth and more, changing character with every change of scene and accessory." How right they are! And here

we'd like to call your attention to our outstanding skirts and blouses. Skirts like the new arrival in black-and-white pin checked Frostpoint. You'll wear them, impeccably tailored from this staunch new fabric that looks and wears like wool, is impervious to wrinkles. An outstanding value at \$5.95.

Harper's Bazaar says that blouses are "the very tops." A gift edged security. You'll wear them usually found only in expensive blouses. Only \$3.95 and \$4.95 with "nylons" at \$5.95.

"Take the Shirt Cut," says Harper's Bazaar, and we think you will when you see our many lively prints with soft shirt-maker tops. "This is a good line to pursue," say the editors. "It has more than easy chic and comfort, it's the biggest news in the new collection."

We have many other fashions featured in the magazine, "Incoming Checks" and "Pleated Dresses." See them, try them on tomorrow. We think you'll agree that you can "Be in Fashion and Still be in Funds"—if you shop at FASHION FIRST.

SCHOOL ESTIMATES

(From Page 1, Col. 8)

cit in the province is faced with the same situation.

Two Alternatives

"There are only two ways we can refuse the estimates," Mr. Ladd said. "They are (a) inability to pay, and (b) excess budget." He said the municipal aid tax was earmarked for welfare and education, but the municipalities are not getting enough of it.

"Anything we got from the municipal aid tax was swallowed up in salary increases," declared Alderman Prosser.

Alderman Parkinson remarked that estimates of the various civic departments are submitted to council, and that they are investigated closely before items are "chopped off."

It was revealed the increases in teachers' salaries is a major item in the school budget due to the fact the salary schedule called for an increase of four percent on the scale, due to a rise in the cost of living index since January, 1949 and other additional costs due to increased enrollment of pupils in the district.

MRS. H. CAMPBELL FUNERAL RITES

Rev. D. M. Perley conducted the funeral service Tuesday afternoon of Mrs. Harriet Campbell, 62, 1470 Richter Street from First United Church. Her four sons and two sons-in-law acted as pallbearers as she was laid to rest in the family plot in Kelowna cemetery.

She leaves to mourn her passing her husband, William M. Campbell; two daughters, Mrs. R. S. Gregory and Mrs. Duncan Hardy, both of Kelowna; and four sons, Alister and John, both of Kelowna, William of Victoria and Archibald of Kamloops. Eleven grandchildren also survive. One son, Don, was killed overseas during World War II. Arrangements were entrusted to Kelowna Funeral Directors.
